To,

Shri Rajeev Rai Bhatnagar, IPS

Director General,

CRPF.

Dear Sir,

Undersigned and all the citizens of India today with tears in their eyes bids adieu and farewell to the martyrs for their supreme sacrifices for the security, sovereignty and integrity of our great Nation. Every single house has a feeling of having lost their own family member.

I would like to associate myself in this feeling of grief and sorrow by way of a very small and insignificant participation. Sir, I have decided to adopt a girl child of any one Martyr whom you suggest by way of this small and token participation, I will bear all the expenses of that child whom you nominate which will not only include the expenses for studies but will take care of her all incidental expenses. You can guide me as to how this can be done. In my humble opinion after you nominate the child, the details of the Bank Account of the mother of that child be provided to me so that every month by way of ECS a sum of Rs. 30,000 can be transferred to that account for the first five years thereafter

according to the need of a child when she grows up, the amount can be increased. I think as a citizen of India, It would satisfy me to have associated myself for a cause. I would even not mind if the detail of the child or family is not provided to me and you make an arrangement that the money be transferred by ECS to some account of CRPF and from there it goes to the beneficiary.

Your prompt reply would highly be appreciated. Tomorrow I'm also transferring sum of Rs.2,00,000/- via Bharat Ke Veer App.

Thanking You.

Yours Faithfully

  
Yatin Oza.
