¹ There are over 2000 Licenses issued by DoT. These 16 companies represent a majority share in the revenue generated by the Telecom sector. ✓

² The figure represents the total amount paid till date. Payments are made on different dates. As payment is delayed/short paid, the demand of interest and penalty (strictly as per the license conditions) is also raised. These license conditions are:

20.5 Any delay in payment of License Fee payable, or any other dues payable under the License beyond the stipulated period will attract interest at a rate which will be 2% above the Prime Lending Rate (PLR) of State Bank of India existing as on the beginning of the Financial Year (namely 1st April) in respect of the license fees pertaining to the said Financial Year. The interest shall be compounded monthly and a part of the month shall be reckoned as a full month for the purposes of calculation of interest. A month shall be reckoned as an English calendar month.

20.8 In case, the total amount paid as quarterly License Fee for the 4 (four) quarters of the financial year, falls short by more than 10% of the payable License Fee, it shall attract a penalty of 50% of the entire amount of short payment. However, if such short payment is made good within 60 days from the last day of the financial year, no penalty shall be imposed. This amount of penalty shall be payable within 15 days of the date of signing the audit report on the annual account, failing which interest shall be further charged as per terms of Condition 20.5.

³ This represents the amount derived after deducting the License fee paid (Column 4) from the Dues as per the demand raised by DoT (Column 3).
