Three Constitution Benches in Court Nos. 1, 2 and 3 of the Supreme Court of India were sitting today simultaneously and the proceedings in these three Courts were being livestreamed through YouTube and other T.V. Channels. Statistics show that more than eight lakh viewers watched the proceedings before the three Constitution Benches. Truly, a historic day.

The decision to livestream the proceedings of Constitution Benches was taken by the Full Court on 20th September, 2022 and soon thereafter trial runs were undertaken by the Registry. The technical support teams ensured that the livestreaming was without any obstruction or difficulty and was completely seamless.

This step will go a long way in overcoming the barriers of distance and provide to citizens from every nook and corner of the country opportunity to watch the Supreme Court proceedings.

This is an humble beginning and the attempts will now be made to livestream proceedings in all important matters before livestreaming of all the proceedings becomes the order of the day.
