

EXECUTIVE DEVELOPMENT PROGRAMME (EDP) in

Data Privacy & AI: Law, Policy and Practice

Online Live Classes | 50 Hrs (Weekend Format)
Sept. 20th - Dec. 14th 2025

True to the name of our founding father, Late Shri Dhirubhai Ambani, the School of Law aims to create and train a community of lawyers and non-lawyers guided by the ideals of industry-academia collaboration and entrepreneurial spirit in a globalized Indian economy. We are a specialized law school positioned as a hub for capacity building, training, research and technical assistance.

We offer an interdisciplinary and industry oriented education through a wide array of courses, with insights and instruction provided by experts drawn from top international & domestic organizations, industry, multilateral & intergovernmental organizations and educational institutions.

Apart from the flagship verticals – ESG, Carbon Markets & Sustainability; Construction & Arbitration Law; and Data Privacy & AI, we are striving to build expertise and offer programmes in emerging areas of law such as International Trade & Investment Law, IPR, Aviation Law, Tax Law, Capital Market & Securities Law and others.

Boasting tie-ups with key Indian and global organizations, we aim to develop capacity by providing high-quality, industry-focused executive development programmes and specialized educational courses in niche legal and regulatory areas to working professionals to contribute to the national goal of Viksit Bharat 2047.

INALP is a leading association of lawyers, academics, and policy advisors strengthening the rule of law through research, training, and public engagement. Known for building strong professional communities both in India and globally, INALP brings together experts across various legal domains including data privacy, AI, and cyber law.

This partnership reflects our shared commitment to building a strong, informed legal ecosystem that can support India's digital transformation responsibly.

MESSAGE FROM THE FOUNDING DIRECTOR

In an era where technology is redefining every aspect of society, understanding its legal and ethical dimensions is critical. Our Executive Development Programme on Data Privacy & AI offers a comprehensive lens into emerging regulatory frameworks, global tech governance, and data protection laws. Designed for legal professionals, policymakers, C-Suite Executives and tech-sector advisors, the programme provides hands-on, industry-informed learning that prepares you for the evolving demands of the digital economy. Join us to stay ahead of the curve and contribute meaningfully to shaping India's techno-legal landscape.

Prof. (Dr.) Avinash Dadhich

ABOUT THE AI, DATA PRIVACY & TECHNOLOGY LAW VERTICAL

As technological innovation continues to make our lives easier and efficient, it also gives rise to serious ethical, legal, and societal concerns. The AI, Data Privacy & Technology Law Vertical at the Dhirubhai Ambani University - School of Law, is a specialised platform for research, advocacy and capacity building in the complex and evolving field of technology and law. We aim to equip working professionals with the practical knowledge and skills to appreciate and apply the regulatory frameworks for Data Privacy, AI Governance and other emerging technologies.

Our mission is to cultivate a culture of responsible and ethical use of technology wherein innovation and economic growth does not come at the cost of individual rights and democracy.

PROGRAMME OVERVIEW

The Executive Development Programme on "Data Privacy & AI: Law, Policy and Practice" equips professionals with practical knowledge and skills to understand and apply regulatory frameworks for data protection and AI governance. This first-of-its-kind programme in India offers hands-on insight into India's data protection law alongside global AI and cybersecurity frameworks. Built in collaboration with industry leaders through our exclusive conclave EXECUTE, every module of this course addresses real-world challenges and industry needs.

PROGRAMME FEATURES

Flexible schedule tailored for working professionals.

Explore real-world case studies, interactive simulations, and practical assignments that reflect the challenges of today's data driven world.

Gain hands-on experience in DPIA, FRIA and AI Governance Impact Assessment.

Stay ahead with a global, interdisciplinary perspective that blends law, policy, and technology in a fast-evolving regulatory environment.

WHY THIS PROGRAMME?

Innovative teaching pedagogy.

Designed by the Industry, for the Industry.

Practical, not just theoretical.

Global vision, local application.

Small cohort, big impact.

Learn from Industry Experts and Thought Leaders.

COURSE OUTLINE

Module 1: Demystifying Data and AI (6 hours)

Understand data collection & processing lifecycle, data localization, fundamentals of AI and machine learning, and key risks & governance challenges.

Module 2: Fundamental Concepts (10 hours)

Examine key provisions of DPDP Act, AI governance principles, Responsible AI, and elements of cybersecurity frameworks.

Module 3: Comparative Legal Frameworks (6 hours)

EU GDPR, UK DPA, China's PIPL, US CCPA, OECD AI Principles, EU AI Act, and cybersecurity regulations worldwide.

Module 4: Data Privacy Roadmap & Strategy (12 hours)

Data protection by design and by default, consent management, ROPA, DPIA, and breach notification protocols, data sharing agreements and other relevant aspects of implementing data protection

Module 5: Implementing AI Governance (10 hours)

Learn AI Governance Impact Assessment, Fundamental Rights Impact Assessment, and maturity metrics for AI governance frameworks.

Module 6: Sectoral Applications (6 hours)

Choose between FinTech track (RBI Digital Lending Guidelines, SEBI Cyber Resilience Framework) or Healthcare track (Health Data Management Policy, Electronic Health Records Standards).

Note: Participants must attend at least 75% of live sessions and complete a Capstone Project designing a comprehensive Data Privacy Plan for either the fintech or healthcare sector to successfully complete this programme.

AI Governance Expert;
CEO, GRC Solutions Korea;
BABL AI Auditor

Mr. Anandaday Misshra
Founding &
Managing Partner,
AMLEGALS

Dr. Michael Veale
Associate Professor,
Digital Rights and Regulation,
University College London

Mr. Aatman Shukla,
Assistant Professor,
Dhirubhai Ambani University -
School of Law

ASSESSMENT & CERTIFICATION

Participants will receive a Joint Certificate of Completion from Dhirubhai Ambani University - School of Law & Indian National Association of Legal Professionals upon:

- Minimum 75% attendance
- Submission of final capstone (individual or group project)

OPTIONAL ADD-ONS (POST-PROGRAMME)

- Collaborations on white papers and research briefs

ELIGIBILITY & ADMISSION PROCESS

Eligibility:

- Graduates in any discipline.
- Professionals with relevant experience/interest in Data Privacy and AI Governance may receive preference.

Admission Process:

1

Application Submission

Online application with academic credentials and statement of purpose.

2

Personal Interaction

Candidates will be shortlisted based on the interaction with the admission panel.

3

Final Selection

Based on academic record, performance during the interaction, and a demonstrated interest in AI Governance and Data Privacy.

Applications Open:
26th June 2025

Application Deadline:
15th August, 2025

Programme Commences:
20th September 2025

CAREER PROSPECTS:

Graduates will be equipped for roles in:

Data Privacy Consulting

Data Privacy & AI governance consulting for organizations navigating complex regulatory landscapes

Regulatory Oversight

Regulatory and oversight functions in government bodies, data protection authorities, and global institutions

Corporate Compliance

In-house compliance and data protection roles in multinational corporations ensuring regulatory adherence

Tech-Law Practice

Tech-law practice in leading law firms with growing data and AI verticals

Tech Legal Advisory

Legal and policy advisory for AI start-ups, digital platforms, and emerging tech ventures

Research & Advocacy

Research, policy, and advocacy roles in think tanks, academic institutions, and civil society organizations

Whether you're shaping policy, advising clients, or designing responsible AI systems, this programme will empower you to lead with confidence and expertise.

Apply now and upskill yourself in AI & Data Privacy!
