India International Disputes Week

India International Disputes Week (IIDW) is a national–international non-profit platform conceived to advance India’s position as a credible, confident, and future-ready hub for dispute resolution across litigation. IIDW seeks to align global best practices with the practical realities of Indian law and procedure, with a clear emphasis on outcomes, institutional trust, efficiency, and professional excellence.

It brings together Judges & Judicial Forums, Senior Advocates & Legal Practitioners, Law Firms, In-House Counsels & Institutions, Young Lawyers & Academicians. Our approach is to move beyond broad or abstract discussions. Each day and theme is carefully curated with a practice-oriented lens, ensuring that sessions are accessible, relevant, and immediately valuable for Indian stakeholders, while remaining meaningful and insightful for international participants.

The platform welcomes litigators and legal professionals seeking to strengthen cross-border capability, in-house counsel navigating complex, high-value disputes, institutions and policymakers driving reform, and young lawyers looking for mentorship, exposure, and purposeful professional networks.

IIDW’s long-term vision is to evolve into a rotating annual national–international forum that meaningfully contributes to India’s reputation as a dependable seat of arbitration & mediation, a trusted enforcement jurisdiction, and a modern destination for sophisticated, high-value dispute resolution across both established and emerging practice areas.

CIAC

CHANDIGARH INTERNATIONAL ARBITRATION CENTRE, INDIA

at the First Edition of

INDIA INTERNATIONAL DISPUTES WEEK 2026

As India International Disputes Week 2026 convenes its first edition in Chandigarh, the occasion marks not only a gathering of national and international dispute resolution leadership, but also an important institutional milestone for North India.

On 7 March 2026, during the Inaugural Ceremony of IIDW 2026, the Chandigarh International Arbitration Centre (CIAC) will be formally launched by Hon'ble Mr. Justice Surya Kant, Chief Justice of India, in the presence of distinguished members of the Bench, Bar, policymakers, and global delegates.

The establishment of CIAC reflects a considered institutional vision to promote structured, time-bound, and professionally administered arbitration within a defined rules-based framework. In an era characterised by increasingly complex commercial transactions, cross-border investments, infrastructure growth, and technological change, the need for credible and predictable dispute resolution mechanisms has become increasingly significant.

CIAC has been conceived as a principled institutional response to this evolving landscape.

Operating under the aegis of the High Court of Punjab and Haryana, the Centre administers arbitral proceedings in accordance with its Rules and the Arbitration and Conciliation Act, 1996. Its framework emphasises neutrality, procedural discipline, administrative supervision, and transparency, reinforcing confidence in institutional arbitration.

The launch of CIAC during the first edition of IIDW underscores a shared commitment to strengthening India's dispute resolution ecosystem through durable institutional capacity.

CIAC's institutional framework provides:

- Administration of domestic and international arbitrations
- Appointment and facilitation of arbitrators
- A curated and periodically reviewed Panel of Arbitrators
- Structured case management and procedural supervision
- Emergency arbitration mechanisms for urgent interim relief
- Online Dispute Resolution facilities enabling secure virtual hearings and digital filings
- Professional hearing and conference infrastructure
- A transparent administrative cost schedule under defined Rules

By integrating institutional oversight with technological adaptability, CIAC aligns with contemporary expectations of efficiency while preserving the integrity and solemnity of the arbitral process.

The availability of Emergency Arbitration strengthens parties' ability to secure urgent protection within prescribed timelines. The incorporation of Online Dispute Resolution reflects a forward-looking commitment to accessibility, continuity, and cross-border participation.

At a time when India's dispute resolution framework is engaging with questions of global competitiveness, enforcement reliability, and investor confidence, CIAC represents a regionally anchored yet nationally relevant institutional advancement.

The formal launch of CIAC at IIDW 2026 signals not merely the creation of a Centre, but the consolidation of institutional capacity. It reinforces Chandigarh's position as a progressive forum for arbitration and mediation in North India and contributes meaningfully to the city's emergence as a dependable and modern seat for high-value dispute resolution.

PLATINUM JUBILEE YEAR OF THE HIGH COURT OF PUNJAB AND HARYANA (2025-2026)

In its Platinum Jubilee year 2025–26, the High Court of Punjab and Haryana stands as a living institution of constitutionalism, rooted in a long judicial lineage that began with the High Court at Lahore (1919), continued as the East Punjab High Court at Shimla (1947), and then found its enduring home in Chandigarh, when the Court started functioning from its present building on 17 January 1955 and was formally declared open on 19 March 1955 by Jawaharlal Nehru. With the reorganisation of 1966, the Punjab High Court was renamed the High Court of Punjab and Haryana from 1 November 1966, and ever since, it has served as the sentinel of rights and legality for the States of Punjab and Haryana and the Union Territory of Chandigarh, shaping public life through its daily work—urgent, humane, and principled—across writs, criminal, civil, and commercial jurisdictions. Its history is also a story of institutional memory and renewal: the Court marked 50 years on 19 March 2005 and celebrated 2005–06 as its Golden Jubilee year, with the main commemorative function held on 10 December 2005, attended by the then Chief Justice of India and graced by Hon’ble President Shri A. P. J. Abdul Kalam as the chief guest—an affirmation, at the highest level, of the Court’s national stature.

The Court’s setting is itself iconic: designed by Le Corbusier as part of Chandigarh’s Capitol Complex, it belongs to the transnational UNESCO World Heritage inscription, “The Architectural Work of Le Corbusier, an Outstanding Contribution to the Modern Movement,” reflecting a rare confluence of functional justice and architectural modernity.

HON'BLE MR. JUSTICE SURYA KANT
The Chief Justice of India
