## **Accumulate**

## IT Services | Q4FY25 Result Update

CMP: Rs.1,420 | TP: Rs 1,660 | Upside 17%

## Top-line miss; Cautious guidance due to macro uncertainty

- INFY reported revenue decline of 3.5% QoQ in CC (DE of -1.2%) due to reduced third-party sales (~2.3% impact), and lower than expected working days. OPM dipped by 39bps QoQ to 21%, due to net impact of wage hikes (Jr staff), amortization charge (past M&A), though this decline was partially offset by forex benefit, lower than expected customer support costs and operational efficiencies.
- For FY26 the company has provided revenue guidance of 0%-3% in CC terms & OPM band of 20-22%. This guidance accounts for macro uncertainties (tariff-led), while discussions with clients indicate no signs of project delays/ramp-downs & deal pipeline remains healthy.
- Noting weak FY26 guidance, we lower our FY26/FY27E earnings estm. by 3%/5%. While INFY remains cautious on tightening client budgets, it has not yet seen any deal ramp-downs/delays. The sharp correction in stock over past 3 months have eased valuation towards favorable risk-reward scenario, and hence we revise our rating to 'Accumulate' with TP of Rs. 1,660, valued at 27x of FY27E earnings.

### Weak 3<sup>rd</sup> Party Sales affect Q4; Macros weigh on guidance

Q4FY25 revenue dip of 3.5% QoQ was largely attributed to lower than expected third-party sales and ~1/3<sup>rd</sup> due to lower volumes and fewer working days. INFY's guidance of 0 to 3% CC growth (organic) scales down growth recovery expectations, factoring in macro headwinds and tariff announcements, along with continued pressure on discretionary spends.

### Caution higher in select verticals; No deal ramp-down yet

For BFS, INFY is relatively optimistic - capital markets, global and regional banks, with potential for improved spends on interest rate cuts. However, client budgets in Auto & Industrial Manufacturing are most affected by trade barriers. With an acquisition into the Energy segment, INFY will expand its vertical expertise and pipeline. Communications and Hi-tech vertical outlook remain soft for the near term. Despite caution, management is yet to see deal ramp-downs and expects existing deals to progress as per timelines.

#### Limited margin uptick levers; Tall ask to reach the upper band

The ramp-up of large deals over the next few quarters (lower margin), along with 2<sup>nd</sup> phase of wage hikes, visa cost and M&A related costs (2 entities acquired) may limit margin uptick for H1FY26. Given uncertain revenue visibility, benefits from operating leverage are limited, making it a tall ask for OPM improvement towards the upper band of 22% (we are building 20.9%). Furthermore, additional benefits from Project Maximus remain uncertain (averaged 55bps over Q1 to Q4 for FY25) as completion is due in Dec-2025.

### **Change in Estimates**

For FY26E/FY27E: INFY's Q4 top line was a miss, and a weak guidance of 0 to 3% CC growth suggests significant macro headwinds. We lower our revenue estimates by 4.7%/6.6%. Lower Revenue growth will limit margin improvement, despite initiatives like Project Maximus. OPM estimates have been lowered by 26bps/34bps. Overall, earnings are lowered by 3%/5.1%.

### What to expect next quarter

Following weak 3<sup>rd</sup> party sales and lower volumes, we expect existing project ramp-up/committed timelines to drive revenue growth of 2.2% in Q1. Wage hikes for mid and senior employees, visa costs will affect operating margins, and we expect a dip of 122bps, with limited efficiency improvement.

Exhibit 3: What to expect next quarter

(Rs Mn)	Q1FY26E	Q4FY25	Q1FY25	QoQ (%)	YoY (%)

### **Earnings call KTAs**

- Revenues: Revenue declined by 3.5% in CC terms, while in USD terms, it stood at \$4,730mn, down 4.2% QoQ. Weak 3<sup>rd</sup> party sales and lower-than-expected volumes affected Q4 revenue. Most key segments witnessed a decline.
- Vertical-Wise Commentary: For BFS (down 2.2% QoQ), management is relatively optimistic in areas of capital markets, large global and regional banks, with potential for improved spends on interest rate cuts. However, client budgets in sub-segments of the Auto and Industrial Manufacturing sectors (down 1.8% QoQ) are most affected by trade barriers. With 1 acquisition in the Energy segment (down 7.8% QoQ), INFY will expand its vertical expertise and pipeline. Communications (flat QoQ) and Hi-tech vertical (up 0.6% QoQ) outlook remains soft for the near term. Despite caution, management is yet to see deal ramp-downs and expects existing deals to progress as per timelines.
- TCV / Deals: INFY won a large deal TCV wins of \$2.6bn (on TTM basis, TCV stood at \$11.6bn muted, down 34% YoY). Management highlighted that Net new deal wins were 63% of TCV in Q4 (63% in Q3FY25). INFY signed 24 large deals in Q4. Vertical-wise, INFY signed 7 deals in financial services, 5 in Energy, Utility and Resources, 4 in Manufacturing, communication, 3 in communication, 2 each in Hi-Tech and Life Sciences and 1 in retail. Region-wise, INFY signed 12 large deals in America and Europe each.
- EBIT Margin: EBIT margin stood at 21%, down 39bps QoQ. Margin Walk: <u>Headwinds of</u> a) Wage hike impact of 140bps, b) Amortization of intangibles of 40bps. <u>Tailwinds of</u> a) Lower customer support cost savings of 80bps, b) Currency benefit of 20bps, c) Project Maximus benefit of 30bps, and d) Lower 3<sup>rd</sup> party costs savings of 20bps.
- PAT: PAT came in at Rs. 70.3bn (up 3.3% QoQ, but down 11.7% YoY). Sequential PAT growth was largely led by one-time IT refund (reflected in Other Income) of Rs. 3,270mn.
- **Guidance**: For FY26, INFY guided for 0% to 3% CC growth. OPM guidance is similar to FY25, at 20%-22%. Guidance excludes any growth uptick from inorganic additions estimated to add another ~50bps (discussed below).
- Talent: Headcount saw a muted addition of 199 employees, bringing the total to 323.6k employees (up by 2% YoY). The utilization (Ex-trainees) stood at 84.9%, down 110bps QoQ. LTM Attrition was up by 40bps QoQ to 14%. INFY hired 15K freshers for FY25 and reiterated plans to hire 20K+ freshers for FY26E.

### Acquisitions in Consulting and Cyber Security announced:

- MRE Consulting: The company announced the acquisition of US-based MRE Consulting, an energy, resources, and utility advisory firm, for up to \$36 mn. MRE specializes in business advisory and digital transformation for Energy/Commodity Trading and Risk Management (E/CTRM), recording a revenue of \$63.5mn in FY24 with 6% CAGR over FY22-FY24. Acquisition is valued at 0.56x of FY24 revenue.
- The Missing Link: INFY announced the acquisition of Australia-based cybersecurity services specialist firm, The Missing Link, for a consideration up to AUD 98mn (~\$62.7mn). The firm delivers cybersecurity and technology solutions, including IT strategy, technology roadmap, project management, cybersecurity, risks assessments & mitigation and automation services. The target company

delivered revenue of AUD 43.2mn in FY24 with 20% CAGR over FY22-FY24 and is valued at 2.3x of FY24 revenue.

These acquisitions are expected to add ~50bps to FY26 Revenue, though present guidance excludes inorganic contribution. Thus, the implied guidance would be 0.5% to 3.5%, on an overall basis.

**Exhibit 7: Vertical Trend for Q4FY25**

### **Valuation**

The NIFTY IT Index has seen a 23% correction on a CY25 YTD basis. FY26 presents a fresh challenge of dealing with a heightened, uncertain macro environment of tariff-related disruptions. Considering the wide guidance band, we are assigning a discount of ~8% on the target multiple assigned to TCS and thus value INFY at 23x on FY27E EPS of Rs. 72.3 with a TP of Rs. 1,660 and revise rating to 'Accumulate'.

Exhibit 9: Valuation - Infy's discount is at 9%, lower than 10-year historical mean discount of 16%

Dolat Capital Market Private Limited. and/or its affiliated company(ies) might have received or may receive compensation from the company(ies) mentioned in this report for rendering any of the above services. Research analysts and sales persons of Dolat Capital Market Private Limited. may provide important inputs to its affiliated company(ies) associated with it. While reasonable care has been taken in the preparation of this report, it does not purport to be a complete description of the securities, markets or developments referred to herein, and Dolat Capital Market Private Limited. does not warrant its accuracy or completeness. Dolat Capital Market Private Limited. may not be in any way responsible for any loss or damage that may arise to any person from any inadvertent error in the information contained in this report. This report is provided for information only and is not an investment advice and must not alone be taken as the basis for an investment decision. The investment discussed or views expressed herein may not be suitable for all investors. The user assumes the entire risk of any use made of this information. The information contained herein may be changed without notice and Dolat Capital Market Private Limited. reserves the right to make modifications and alterations to this statement as they may deem fit from time to time. Dolat Capital Market Private Limited. and its affiliated company(ies), their directors and employees may; (a) from time to time, have a long or short position in, and buy or sell the securities of the company(ies) mentioned herein or (b) be engaged in any other transaction involving such securities and earn brokerage or other compensation or act as a market maker in the financial instruments of the company(ies) discussed herein or act as an advisor or lender/borrower to such company(ies) or may have any other potential conflict of interests with respect to any recommendation and other related information and opinions. This report is neither an offer nor solicitation of an offer to buy and/or sell any securities mentioned herein and/or not an official confirmation of any transaction. This report is not directed or intended for distribution to, or use by any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject Dolat Capital Market Private Limited. and/or its affiliated company(ies) to any registration or licensing requirement within such jurisdiction. The securities described herein may or may not be eligible for sale in all jurisdictions or to a certain category of investors. Persons in whose possession this report may come, are required to inform themselves of and to observe such restrictions.

For U.S. persons only: This research report is a product of Dolat Capital Market Private Limited, under Marco Polo Securities 15a-6 chaperone service, which is the employer of the research analyst(s) who has prepared the research report. The research analyst(s) preparing the research report is/are resident outside the United States (U.S.) and are not associated persons of any U.S. regulated broker-dealer and therefore the analyst(s) is/are not subject to supervision by a U.S. broker-dealer, and is/are not required to satisfy the regulatory licensing requirements of FINRA or required to otherwise comply with U.S. rules or regulations regarding, among other things, communications with a subject company, public appearances and trading securities held by a research analyst account.

Research reports are intended for distribution only to "Major Institutional Investors" as defined by Rule 15a-6(b)(4) of the U.S. Securities and Exchange Act, 1934 (the Exchange Act) and interpretations thereof by U.S. Securities and Exchange Commission (SEC) in reliance on Rule 15a-6(a)(2). If the recipient of this report is not a Major Institutional Investor as specified above, then it should not act upon this report and return the same to the sender. Further, this report may not be copied, duplicated and/or transmitted onward to any U.S. person, which is not the Major Institutional Investor. In reliance on the exemption from registration provided by Rule 15a-6 of the Exchange Act and interpretations thereof by the SEC in order to conduct certain business with Major Institutional Investors, Dolat Capital Market Private Limited has entered into a chaperoning agreement with a U.S. registered broker-dealer, Marco Polo Securities Inc. ("Marco Polo"). Transactions in securities discussed in this research report should be affected through Marco Polo or another U.S. registered broker dealer.
