AGR relief and debt raise remain key for LT survival

- Vodafone Idea's (Vi) reported EBITDA declined 1% QoQ (vs.+2% QoQ for RJio/Bharti India wireless), which was above our estimates due to lower network opex (-2% QoQ, energy efficiencies) and SG&A costs (-1% QoQ).
- Operationally, subscriber losses moderated significantly (-1.6m QoQ vs. ~5m+ net losses each in 2Q/3Q). However, data subscriber additions (excl. M2M) remained weak, despite acceleration in 4G/5G rollouts.
- Wireless revenue declined 1% QoQ (vs. 1-2% QoQ uptick for peers) as residual benefits from the tariff hike were partly offset by subscriber declines and two fewer days QoQ in 4Q.
- Vi's capex increased further to INR42b (highest since the merger), with FY25 capex rising to INR96b. However, management indicated that FY26 capex beyond the current commitment of INR50-60b remains dependent on the successful closure of debt fund raise (which has been elusive so far).
- Despite equity infusion and acceleration in capex, Vi continued to lose market share to peers. On our estimates, it lost ~130bp in subscriber market share (SMS) and ~155bp in revenue market share (RMS) in FY25, among the three private telcos.
- Vi's continued subscriber losses and weaker data net adds remain key concerns. Despite potential acceleration in network investments, we believe regaining subscribers will remain a tall ask for Vi, given that peers—with superior free cash flow generation and deeper pockets—can keep customer acquisition costs higher.
- Further, with no relief so far on AGR dues (repayments commence Mar'26) and no breakthrough on the debt raise, we believe Vi is likely to face an annual cash shortfall of ~INR200b and may be unable to meet its capex guidance of INR500-550b over FY25-27E.
- Our revenue and EBITDA estimates for FY26-27E remain broadly unchanged. We **reiterate our SELL rating on Vi with an unchanged TP of INR6.5**, based on DCF implied ~13x Jun'27E EV/EBITDA.

4Q above estimates on lower opex; subs decline moderates

- Vi's wireless ARPU rose ~1% QoQ to INR164 (+12% YoY vs. flat to +1% QoQ for peers) as residual tariff hike benefits were offset by two fewer days.
- Subscriber base at 198.2m declined by ~1.6m QoQ (significant moderation vs. ~5m+ declines in 2Q/3Q), better than our est. of a 3.5m decline.
- Monthly churn declined 40bp QoQ to 4.1% and remains a key monitorable.
- Wireless revenue at INR98b (+4.5% YoY, 1% above) declined 1% sequentially (vs. 1-2% QoQ growth for peers) as residual benefits of the tariff hike were partly offset by a continued decline in the subscriber base.
- Reported EBITDA at INR46.6b (-1% QoQ, +8% YoY, vs ~2% QoQ growth for peers) was ~4% above our estimate, driven by lower SG&A and network expenses.
- Pre-Ind-AS 116 EBITDA at INR23.2b declined ~5% QoQ (+6% YoY) and was ~5% above our estimate, as margin contracted ~90bp QoQ to 21.1% (+50bp YoY and ~75bp higher than our estimate).

Aditya Bansal - Research Analyst (Aditya.Bansal@MotilalOswal.com)

Research Analyst: Avinash Karumanchi (Avinash.Karumanchi@MotilalOswal.com) | Siddhesh Chaudhari (Siddhesh.Chaudhari@MotilalOswal.com)

Investors are advised to refer through important disclosures made at the last page of the Research Report.

Motilal Oswal research is available on www.motilaloswal.com/Institutional-Equities, Bloomberg, Thomson Reuters, Factset and S&P Capital.

- Vi's reported losses widened to INR72b (vs. INR66b QoQ, our estimate of INR73.7b). We note that 3Q benefited from lower interest costs due to settlement with a vendor.
- Vi's reported net debt (excluding leases but including interest accrued and not due) **declined INR302b QoQ to INR1.87t**, following the accounting of ~INR369.5b equity conversion of Gol dues.
- Vi still owes ~INR1.95t to Gol for deferred spectrum and AGR dues. External/banking debt was stable QoQ at ~INR23b (lower vs. INR42b YoY).
- Vi's capex increased **further to INR42b**, the highest since the merger. FY25 capex stood at ~INR96b.
- Vi has sought an **enabling resolution to raise up to INR200b** and has formed a committee to evaluate potential modes of fund raising.

Key highlights from the management commentary

- **Subscriber trends:** Management indicated that 4G net adds are improving with the ongoing network rollout. Further, it indicated that the 5G user base on its network continues to improve steadily.
- **Network rollout:** Vi rolled out ~7.6k towers (~8.5k MBB towers) and ~34k net MBB sites in 4Q, boosting 4G population coverage to 83%. 4G coverage is expected to increase to 84-86% in the near term, based on the current visibility of ~INR50-60b capex plans. The company also rolled out 5G in Mumbai, Delhi, Chandigarh, and Patna, with plans to expand 5G to key cities across 17 priority circles by Aug'25.
- **Debt raise:** Vi remains engaged with lenders for a debt raise, with discussions progressing following the ~INR369.5b equity conversion of Gol dues and recent upgrades to credit ratings. Management indicated that debt raise remains crucial for Vi to reach its target of ~215-220k unique tower sites (vs. ~195k currently) and to increase 4G population coverage to ~90% (vs. 83% currently).
- **Network opex:** Management highlighted several cost-saving initiatives, such as energy cost optimization, rental negotiations, and insourcing fiber maintenance, that have helped reduce expenses despite accelerated network rollouts.
- **Tariff construct:** Management continues to make a case for tariff construct to change from unlimited daily data allowance to usage-based plans. However, the company is reluctant to lead this change and prefers to wait for competitors to take the initiative. We note, even Bharti has long supported a move toward usage-based tariff plans.

Valuation and view

- Vi continues to lose market share to peers due to lower ARPU translation, given its inferior subscriber mix and elevated subscriber churn.
- It plans to embark on a significant capex cycle (INR500-550b over the next 2-3 years) to bridge the network gap with peers.
- Despite the likely capex, we believe regaining subscribers would be a tall ask for Vi, given its peers' superior free cash flow generation and deeper pockets.
- Further, we believe the company's network investments remain contingent on debt raise, which, in turn, is dependent on continued support/AGR relief from Gol (INR200b+ annual cash shortfall over FY26-31E).
- Stabilization of the subscriber base, along with further relief from the Gol, remains imperative for Vi's long-term survival.
- Our revenue and EBITDA estimates for FY26-27E remain broadly unchanged. We **reiterate our SELL rating on Vi with an unchanged TP of INR6.5**, based on DCF implied ~13x Jun'27E EV/EBITDA.

Detailed takeaways from the earnings call

- **Subscriber trends:** Management indicated that 4G net adds are improving with the ongoing network rollout. Further, it indicated the 5G user base on its network continues to improve.
- **Network rollout:** Vi rolled out ~7.6k towers (~8.5k MBB towers) and ~34k net MBB sites during 4Q, boosting 4G population coverage to 83%. 4G coverage is expected to increase to 84-86% in the near term based on the current visibility of ~INR50-60b capex plan. The company also rolled out 5G in Mumbai, Delhi, Chandigarh, and Patna, with plans to expand 5G to key cities across 17 priority circles by Aug'25.
- **Debt raise:** Vi remains engaged with lenders for a debt raise, with discussions progressing following the ~INR369.5b equity conversion of Gol dues and upgrades to credit ratings. Management indicated that debt raise remains crucial for Vi to reach its target of ~215-220k unique tower sites (vs. ~195k currently) and ~90% 4G population coverage (vs. 83% currently).
- **Network opex:** Management indicated that the company has taken various initiatives such as energy cost optimization, rental negotiations, and insourcing fiber maintenance, that have helped reduce expenses despite accelerated network rollouts.
- **Tariff construct:** Vi's management continues to make a case for tariff construct to change from unlimited daily data allowance to usage-based plans. However, the company is reluctant to lead this change and prefers to wait for competitors to take the initiative. We note, even Bharti has long supported a move toward change in tariff construct to usage-based plans.
- **Pre-merger settlement with Vodafone Plc.:** Vi is entitled to receive ~INR64b from Vodafone Plc to settle liabilities prior to the merger. The companies have mutually agreed to extend the settlement date to Sep'25 (from Jun'25) and expect to realize the amount to clear off a part of AGR dues.
- **Fund raise:** Vi's Board has approved an enabling resolution to raise up to ~INR200b and is exploring various options for fund raise, though nothing has been closed yet.
- **AGR relief:** The company believes that Gol can take a policy decision to waive off/restructure the AGR dues without any intervention from The Supreme Court. The current AGR dues for the company stood at ~INR760b.

Vi 4Q: Above estimates, driven by lower expenses; network rollout accelerates

- Vodafone Idea's (Vi) overall revenue at INR110b (-1% QoQ, +4% YoY) was **~1% above our estimate**, driven by lower-than-estimated sub declines and slightly higher ARPU.
- Reported EBITDA at INR46.6b (-1% QoQ, +8% YoY, vs. ~2% QoQ for RJio and Bharti-India wireless) was **~4% above** our estimate, due to lower network opex (-2% QoQ, 1% below) and SG&A costs (-1% QoQ, 2% below).
- Reported EBITDA margin contracted ~10bp QoQ to 42.3% (up 145bp YoY, flat/+40bp QoQ for RJio and Bharti-India wireless) and **was ~110bp above** our estimate.
- Pre Ind-AS 116 EBITDA at INR23.2b declined ~5% QoQ (+6% YoY) and was **~5% above** our estimate. Pre Ind-AS 116 EBITDA margin contracted ~90bp QoQ to 21.1% (+50bp YoY and was ~75bp higher than our estimate).

- Vi's reported losses widened to INR72b (vs. INR66b QoQ, our estimate of INR73.7b). We note that 3Q benefitted from the lower interest cost on account of a settlement with a vendor.
- Vi's reported net debt (excluding leases but including interest accrued and not due) **declined by INR302b QoQ to INR1.87t**, as Vi accounted ~INR369.5b equity conversion of GoI dues. The company still owes ~INR1.95t to GoI for deferred spectrum and AGR dues. External/Banking debt was stable QoQ at ~INR23b (lower vs. INR42b YoY).
- Vi's capex increased **further to INR42b**, highest since the merger. FY25 capex stood at **~INR96b**.
- Vi has sought an **enabling resolution for raising up to INR200b** and has formed a committee to evaluate the potential modes of fund raising.

Subscriber declines moderate; residual benefits of tariff hike offset by two fewer days

- Wireless ARPU was up ~1% QoQ to INR164 (+12% YoY, vs. flat/+1% QoQ for Bharti/RJio) and was ~1% above our estimate of INR163, driven by residual benefits of the tariff hike.
- Vi indicated that customer ARPU (excluding M2M) was up ~1% QoQ to INR175 (vs. flat QoQ at INR245 for Bharti).
- Vi's overall subscriber base at 198.2m declined 1.6m QoQ (significant moderation vs. 5.2m net declines in 3QFY25 and better than our expectation of a 3.5m QoQ decline) as churn rate moderated.
- Vi's monthly churn declined ~40bp QoQ to 4.1% (vs. a decline of ~20bp QoQ for Bharti) and remains a key monitorable.
- Vi's postpaid subscriber base (including M2M) further improved QoQ (rising by ~0.4m QoQ) to 25.6m, 4G/5G subscriber base inched up by 0.4m QoQ, while data subs declined by ~0.1m QoQ. We believe Vi lost ~0.8m pureplay data subs (excl. M2M subs).
- Wireless revenue at INR98b (+4.5% YoY, 1% above) declined 1% sequentially (vs. 1%/2% QoQ increase for Bharti/RJio) as residual benefits of the tariff hike were partly offset by continued subscriber declines and two fewer days QoQ.

Other highlights: Consumer engagement weaker and remains well below peers; trade payables decline

- Enterprise revenue at INR11.6b (-4% QoQ, -4% YoY) was ~4% below our estimate.
- Vi's data volume grew ~5% QoQ (-2% QoQ in 3QFY25) and was in line vs. +5% QoQ growth for Bharti and RJio, including FTTH, albeit on a much lower base.
- Data usage per data subscriber increased to 15.3GB/month (from 14.5GB QoQ) but remains significantly below peers [RJio (33.6GB including FTTH contribution), Bharti 25.1GB].
- Voice usage on Vi network declined ~1% QoQ (vs. -1% QoQ in 3QFY25, weaker vs. +2% QoQ for Bharti and RJio).
- Implied minute of usage per subscriber improved marginally to 598min/month (vs. 593min QoQ) but remained significantly below 1,163mins/1,024mins for Bharti/RJio.
- Vi's trade payables declined further by ~INR10b QoQ to INR107b (vs. INR138b at FY24 end). This primarily comprises dues to tower and network vendors such as Indus Towers.

Network rollout accelerates in 4Q

- Vi added ~7.6k towers (~8.5k MBB towers) and ~34k net broadband sites in 4Q. This is the largest quarterly rollout for Vi since the merger.
- As a result, Vi's 4G population coverage increased by ~600bp, reaching 83% by Mar'25.
- Management indicated that 4G population coverage would be further ramped up to ~1.2b (or 90% of the overall population).
- Vi has commercially launched 5G services in Mumbai, Delhi, Chandigarh, and Patna, with plans to expand 5G services to key cities in 17 priority circles by Aug'25.

Bharti the biggest gainer from tariff hikes in FY25

- On our estimates, Bharti was the biggest gainer on revenue market share (RMS) in FY25, gaining ~177bp YoY (+7bp QoQ in 4Q). RJio lost ~22bp YoY (but gained ~27bp QoQ in 4Q), while Vi lost a further ~155bp in FY25 (and -34bp QoQ in 4Q) among the three private telcos.
- Bharti also gained 23bp QoQ (+108bp YoY) in subscriber market share (SMS), with R-Jio gaining 8bp QoQ (~21bp YoY), while Vi lost further ~30bp QoQ (and ~130bp YoY).

Exhibit 3: Vi's 4Q results summary

NOTES

Explanation of Investment Rating	
Investment Rating	Expected return (over 12-month)
BUY	>=15%
SELL	< - 10%
NEUTRAL	< - 10 % to 15%
UNDER REVIEW	Rating may undergo a change
NOT RATED	We have forward looking estimates for the stock but we refrain from assigning recommendation

*In case the recommendation given by the Research Analyst is inconsistent with the investment rating legend for a continuous period of 30 days, the Research Analyst shall be within following 30 days take appropriate measures to make the recommendation consistent with the investment rating legend.

Disclosures

The following Disclosures are being made in compliance with the SEBI Research Analyst Regulations 2014 (herein after referred to as the Regulations).

Motilal Oswal Financial Services Ltd. (MOFSL) is a SEBI Registered Research Analyst having registration no. INH000000412. MOFSL, the Research Entity (RE) as defined in the Regulations, is engaged in the business of providing Stock broking services, Depository participant services & distribution of various financial products. MOFSL is a listed public company, the details in respect of which are available on www.motilaloswal.com. MOFSL (erstwhile Motilal Oswal Securities Limited - MOSL) is registered with the Securities & Exchange Board of India (SEBI) and is a registered Trading Member with National Stock Exchange of India Ltd. (NSE) and Bombay Stock Exchange Limited (BSE), Multi Commodity Exchange of India Limited (MCX) and National Commodity & Derivatives Exchange Limited (NCDEX) for its stock broking activities & is Depository participant with Central Depository Services Limited (CDSL) National Securities Depository Limited (NSDL), NERL, COMRIS and CCRL and is member of Association of Mutual Funds of India (AMFI) for distribution of financial products and Insurance Regulatory & Development Authority of India (IRDA) as Corporate Agent for insurance products. Details of associate entities of Motilal Oswal Financial Services Limited are available on the website at <http://online.reports.motilaloswal.com/Dormant/documents/List%20of%20Associate%20companies.pdf>

MOFSL and its associate company(ies), their directors and Research Analyst and their relatives may; (a) from time to time, have a long or short position in, act as principal in, and buy or sell the securities or derivatives thereof of companies mentioned herein. (b) be engaged in any other transaction involving such securities and earn brokerage or other compensation or act as a market maker in the financial instruments of the company(ies) discussed herein or act as an advisor or lender/borrower to such company(ies) or may have any other potential conflict of interests with respect to any recommendation and other related information and opinions; however the same shall have no bearing whatsoever on the specific recommendations made by the analyst(s), as the recommendations made by the analyst(s) are completely independent of the views of the associates of MOFSL even though there might exist an inherent conflict of interest in some of the stocks mentioned in the research report.

MOFSL and / or its affiliates do and seek to do business including investment banking with companies covered in its research reports. As a result, the recipients of this report should be aware that MOFSL may have a potential conflict of interest that may affect the objectivity of this report. Compensation of Research Analysts is not based on any specific merchant banking, investment banking or brokerage service transactions. Details of pending Enquiry Proceedings of Motilal Oswal Financial Services Limited are available on the website at <https://galaxy.motilaloswal.com/ResearchAnalyst/PublishViewLitigation.aspx>

A graph of daily closing prices of securities is available at www.nseindia.com, www.bseindia.com. Research Analyst views on Subject Company may vary based on Fundamental research and Technical Research. Proprietary trading desk of MOFSL or its associates maintains arm's length distance with Research Team as all the activities are segregated from MOFSL research activity and therefore it can have an independent view with regards to Subject Company for which Research Team have expressed their views.

Regional Disclosures (outside India)

This report is not directed or intended for distribution to or use by any person or entity resident in a state, country or any jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject MOFSL & its group companies to registration or licensing requirements within such jurisdictions.

For Hong Kong:

This report is distributed in Hong Kong by Motilal Oswal capital Markets (Hong Kong) Private Limited, a licensed corporation (CE AYY-301) licensed and regulated by the Hong Kong Securities and Futures Commission (SFC) pursuant to the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) "SFO". As per SEBI (Research Analyst Regulations) 2014 Motilal Oswal Securities (SEBI Reg. No. INH000000412) has an agreement with Motilal Oswal capital Markets (Hong Kong) Private Limited for distribution of research report in Hong Kong. This report is intended for distribution only to "Professional Investors" as defined in Part I of Schedule 1 to SFO. Any investment or investment activity to which this document relates is only available to professional investor and will be engaged only with professional investors." Nothing here is an offer or solicitation of these securities, products and services in any jurisdiction where their offer or sale is not qualified or exempt from registration. The Indian Analyst(s) who compile this report is/are not located in Hong Kong & are not conducting Research Analysis in Hong Kong.

For U.S.

Motilal Oswal Financial Services Limited (MOFSL) is not a registered broker - dealer under the U.S. Securities Exchange Act of 1934, as amended (the "1934 act") and under applicable state laws in the United States. In addition MOFSL is not a registered investment adviser under the U.S. Investment Advisers Act of 1940, as amended (the "Advisers Act" and together with the 1934 Act, the "Acts"), and under applicable state laws in the United States. Accordingly, in the absence of specific exemption under the Acts, any brokerage and investment services provided by MOFSL, including the products and services described herein are not available to or intended for U.S. persons. This report is intended for distribution only to "Major Institutional Investors" as defined by Rule 15a-6(b)(4) of the Exchange Act and interpretations thereof by SEC (henceforth referred to as "major institutional investors"). This document must not be acted on or relied on by persons who are not major institutional investors. Any investment or investment activity to which this document relates is only available to major institutional investors and will be engaged in only with major institutional investors. In reliance on the exemption from registration provided by Rule 15a-6 of the U.S. Securities Exchange Act of 1934, as amended (the "Exchange Act") and interpretations thereof by the U.S. Securities and Exchange Commission ("SEC") in order to conduct business with Institutional Investors based in the U.S., MOFSL has entered into a chaperoning agreement with a U.S. registered broker-dealer, Motilal Oswal Securities International Private Limited. ("MOSIPL"). Any business interaction pursuant to this report will have to be executed within the provisions of this chaperoning agreement.

The Research Analysts contributing to the report may not be registered /qualified as research analyst with FINRA. Such research analyst may not be associated persons of the U.S. registered broker-dealer, MOSIPL, and therefore, may not be subject to NASD rule 2711 and NYSE Rule 472 restrictions on communication with a subject company, public appearances and trading securities held by a research analyst account.

For Singapore

In Singapore, this report is being distributed by Motilal Oswal Capital Markets (Singapore) Pte. Ltd. ("MOCMSPL") (UEN 201129401Z), which is a holder of a capital markets services license and an exempt financial adviser in Singapore. This report is distributed solely to persons who (a) qualify as "institutional investors" as defined in section 4A(1)(c) of the Securities and Futures Act of Singapore ("SFA") or (b) are considered "accredited investors" as defined in section 2(1) of the Financial Advisers Regulations of Singapore read with section 4A(1)(a) of the SFA. Accordingly, if a recipient is neither an "institutional investor" nor an "accredited investor", they must immediately discontinue any use of this Report and inform MOCMSPL.

In respect of any matter arising from or in connection with the research you could contact the following representatives of MOCMSPL. In case of grievances for any of the services rendered by MOCMSPL write to grievances@motilaloswal.com.

Terms & Conditions:

This report has been prepared by MOFSL and is meant for sole use by the recipient and not for circulation. The report and information contained herein is strictly confidential and may not be altered in any way, transmitted to, copied or distributed, in part or in whole, to any other person or to the media or reproduced in any form, without prior written consent of MOFSL. The report is based on the facts, figures and information that are considered true, correct, reliable and accurate. The intent of this report is not recommendatory in nature. The information is obtained from publicly available media or other sources believed to be reliable. Such information has not been independently verified and no guaranty, representation of warranty, express or implied, is made as to its accuracy, completeness or correctness. All such information and opinions are subject to change without notice. The report is prepared solely for informational purpose and does not constitute an offer document or solicitation of offer to buy or sell or subscribe for securities or other financial instruments for the clients. Though disseminated to all the customers simultaneously, not all customers may receive this report at the same time. MOFSL will not treat recipients as customers by virtue of their receiving this report.

Disclaimer:

The report and information contained herein is strictly confidential and meant solely for the selected recipient and may not be altered in any way, transmitted to, copied or distributed, in part or in whole, to any other person or to the media or reproduced in any form, without prior written consent. This report and information herein is solely for informational purpose and may not be used or considered as an offer document or solicitation of offer to buy or sell or subscribe for securities or other financial instruments. Nothing in this report constitutes investment, legal, accounting and tax advice or a representation that any investment or strategy is suitable or appropriate to your specific circumstances. The securities discussed and opinions expressed in this report may not be suitable for all investors, who must make their own investment decisions, based on their own investment objectives, financial positions and needs of specific recipient. This may not be taken in substitution for the exercise of independent judgment by any recipient. Each recipient of this document should make such investigations as it deems necessary to arrive at an independent evaluation of an investment in the securities of companies referred to in this document (including the merits and risks involved), and should consult its own advisors to determine the merits and risks of such an investment. The investment discussed or views expressed may not be suitable for all investors. Certain transactions -including those involving futures, options, another derivative products as well as non-investment grade securities - involve substantial risk and are not suitable for all investors. No representation or warranty, express or implied, is made as to the accuracy, completeness or fairness of the information and opinions contained in this document. The Disclosures of Interest Statement incorporated in this document is provided solely to enhance the transparency and should not be treated as endorsement of the views expressed in the report. This information is subject to change without any prior notice. The Company reserves the right to make modifications and alternations to this statement as may be required from time to time without any prior approval. MOFSL, its associates, their directors and the employees may from time to time, effect or have effected an own account transaction in, or deal as principal or agent in or for the securities mentioned in this document. They may perform or seek to perform investment banking or other services for, or solicit investment banking or other business from, any company referred to in this report. Each of these entities functions as a separate, distinct and independent of each other. The recipient should take this into account before interpreting the document. This report has been prepared on the basis of information that is already available in publicly accessible media or developed through analysis of MOFSL. The views expressed are those of the analyst, and the Company may or may not subscribe to all the views expressed therein. This document is being supplied to you solely for your information and may not be reproduced, redistributed or passed on, directly or indirectly, to any other person or published, copied, in whole or in part, for any purpose. This report is not directed or intended for distribution to, or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject MOFSL to any registration or licensing requirement within such jurisdiction. The securities described herein may or may not be eligible for sale in all jurisdictions or to certain category of investors. Persons in whose possession this document may come are required to inform themselves of and to observe such restriction. Neither the Firm, not its directors, employees, agents or representatives shall be liable for any damages whether direct or indirect, incidental, special or consequential including lost revenue or lost profits that may arise from or in connection with the use of the information. The person accessing this information specifically agrees to exempt MOFSL or any of its affiliates or employees from, any and all responsibility/liability arising from such misuse and agrees not to hold MOFSL or any of its affiliates or employees responsible for any such misuse and further agrees to hold MOFSL or any of its affiliates or employees free and harmless from all losses, costs, damages, expenses that may be suffered by the person accessing this information due to any errors and delays.
