Kanchan Metals

HQ: India
INDUSTRY: Manufacturing

Founded in 1984, Kanchan Metals Pvt. Ltd. is a leading innovator in food processing technology, engineering end-to-end equipment solutions that power efficiency, precision, and sustainability across Indian and international markets. Headquartered in India, the company draws on over 13 years of industry expertise to deliver advanced systems that redefine manufacturing standards. Beyond equipment design, Kanchan Metals partners with ITC Ltd., India's renowned conglomerate, for contract manufacturing of extruded & Indian snacks, blending industrial excellence with culinary heritage.
