TRUSTED Brands & Leaders

This Feature is curated by the Brand Team of Outlook Publishing India Pvt. Ltd.

Trusted Brands & Leaders as the name suggests remain instrumental in propelling the nation's business growth, economic advancement, and global prominence. Their transformative impact and relentless excellence define them as trailblazing visionaries, reshaping industries and driving unprecedented progress.

Avi Mittal: The GAME Changer Redefining Traditional Businesses

From Solar Power to Startups, He's Changing the Game—One Bold Move at a Time

When you think of trailblazers in renewable energy, Avi Mittal stands out. Known for his sharp business acumen and innovative spirit, Mittal is reshaping India's energy landscape and inspiring the next generation of entrepreneurs. His journey is a testament to how strategic vision and purpose-driven leadership can revolutionize industries.

A Maverick with a Mission

At first glance, Avi Mittal is the quintessential modern entrepreneur—bold, decisive, and relentless. But his story goes beyond boardrooms and bottom lines. His ventures under Golden Ace Ventures LLP exemplify his ability to turn ideas into impactful, scalable businesses. From renewable energy to infrastructure and technology, Mittal's name has become synonymous with transformation.

"I've always believed that businesses should not just grow; they should grow with purpose. When you combine vision with action, that's when you create real impact," says Mittal.

Lighting Up India with Solar

Mittal's latest venture, GAME (Golden Ace Modules and Electricals), is redefining renewable energy. Partnering with Rahul Tarani, Director of Standard Group, Mittal is building a cutting-edge solar PV module manufacturing plant in Gandhidham, Gujarat. Designed to meet domestic and international demands, the facility will produce monofacial and bifacial solar modules, scaling production from 200 MW to 1,300 MW in three years.

"This isn't just about meeting targets; it's about transforming the way we think about energy. Solar is the future, and we're here to make it more accessible, reliable, and cost-effective," Mittal explains.

GAME aims to contribute to India's clean energy goals while building a

trusted brand known for innovation, quality, and sustainability. By manufacturing high-efficiency solar modules, GAME will play a pivotal role in reducing carbon footprints and positioning India as a global leader in renewable energy solutions.

Revolutionizing Thermal Energy

In addition to solar, Mittal is driving innovation in the thermal energy sector through online cleaning technology. This revolutionary solution optimizes boiler efficiency in thermal power plants without costly shutdowns, improving performance and reducing emissions.

"Thermal energy remains a significant part of India's energy mix. By implementing innovative cleaning technologies, we're ensuring that even traditional power sources operate more efficiently and sustainably," Mittal notes.

Nurturing Startups

Through Golden Ace Ventures LLP, Mittal is committed to supporting and nurturing high-growth startups, particularly in technology and sustainability. By providing these ventures with strategic funding, mentorship, and resources, Golden Ace Ventures plays a vital role in fostering innovation and entrepreneurship.

Avi Mittal is driving India's sustainable future through pioneering solar projects and empowering high-growth startups across diverse sectors.

① **Avi Mittal** – CEO & Founder –
Golden Ace Ventures LLP
MD – Standard Skytopp Rise Pvt. Ltd.
Director – Surja Infra Pvt. Ltd.

"Startups are where the magic happens. Supporting them isn't just good business—it's essential for driving progress," Mittal says.

Redefining Leadership

What sets Avi Mittal apart is his authenticity. He's not just building businesses; he's building ecosystems that prioritize trust, collaboration, and sustainability. Whether through GAME, online cleaning technologies, or startup investments, Mittal's focus is on creating lasting value.

"True leadership is about leaving things better than you found them—be it industries, communities, or the environment," he reflects.

The Road Ahead

As India embraces a greener future, Avi Mittal is at the forefront of the movement. His ventures in solar energy, thermal technologies, and venture capital reflect a vision of a sustainable, innovative, and empowered India.

What's next for Mittal? "The possibilities are endless," he says with a smile. "Every challenge is an opportunity to make a difference."

By blending strategy, sustainability, and innovation, Avi Mittal is proving that leadership is about more than strategy—it's about heart, impact, and the courage to dream big.

Avi Mittal isn't just leading businesses; he's leading a movement—toward a brighter, cleaner, and more prosperous tomorrow.

SSVM Institutions: Forging Future Leaders Through Innovation and Excellence

Empowering Future Leaders with a Legacy of Excellence

Coimbatore, India – In the heart of Coimbatore, SSVM Institutions® has emerged as a trusted beacon in the realm of education, epitomizing excellence and innovation across multiple campuses. Founded in 1998 by Dr. Manimekalai Mohan, SSVM began humbly as a small play school with 25 students. Over the years, it has flourished into a network of 15 institutions, earning its place among India's most trusted educational brands.

Dr. Manimekalai Mohan, the visionary Founder and Managing Trustee of SSVM Institutions®, has been instrumental in redefining the educational landscape. Her leadership embodies a commitment to nurturing young minds through an educational philosophy that balances academic rigour, co-curricular pursuits, and the inculcation of strong moral values.

"Education is not just about imparting knowledge; it's about equipping students to lead fulfilling lives and embrace the challenges of the future with confidence and competence," says Dr. Mohan.

Adapting to a Changing World

SSVM Institutions® embraces the evolving nature of education by integrating cutting-edge technology into its curriculum. From virtual reality and augmented reality to global online collaborations, classrooms at SSVM are vibrant, technology-enabled spaces where students not only learn but also connect with the world.

The institution's learner-centric pedagogy emphasizes digital literacy, critical thinking, and problem-solving skills—attributes that are vital in today's fast-paced, interconnected world. SSVM encourages lifelong learning, fostering a global mindset while staying rooted in traditional values.

↑ **Dr. Manimekalai Mohan**
Founder and Managing Trustee,
SSVM Institutions, Coimbatore,
Tamil Nadu

SSVM Institutions® in Coimbatore fosters academic brilliance, holistic development, and global values, shaping future-ready leaders since 1998.

"Our mission is to provide an education that goes beyond textbooks, creating an environment where students can explore, innovate, and thrive," states Dr. Mohan.

Shaping Ethical Leaders of Tomorrow

SSVM is more than just an academic institution; it is a nurturing ground

for ethical leadership. Through partnerships with globally renowned organizations and a steadfast focus on holistic development, SSVM ensures that its students grow into culturally rooted, internationally minded citizens.

From cultivating intellectual curiosity to emphasizing physical, social, and emotional well-being, SSVM's approach is deeply comprehensive. Its award-winning safety and well-being programmes ensure a secure and supportive environment for students to excel.

SSVM's accolades speak volumes about its excellence. The institution proudly holds the prestigious QS Diamond Ranking, a testament to its innovative and impactful educational practices.

A Vision for the Future

SSVM Institutions® is guided by a vision to be a leader in school education, fostering individuals equipped to lead in an increasingly complex and dynamic world. Its mission aligns seamlessly with this vision:

- Cultivating adaptable, tech-enabled lifelong learners.
- Encouraging intercultural understanding and empathy.
- Providing global collaboration and exploration opportunities.
- Promoting balanced, ethical living through servant leadership.

As SSVM Institutions® prepares to expand its presence beyond Coimbatore, it remains steadfast in its commitment to empowering students with the skills and values needed for a promising future.

With its unyielding dedication to excellence, SSVM Institutions® is not just shaping future leaders—it is building a legacy that will inspire generations to come.

For more information, visit SSVM Institutions® and become part of a transformative journey that celebrates learning, leadership, and lifelong growth.

IIHMR Delhi: A Trusted Leader in Shaping the Future of Healthcare Education and Leadership

With visionary leadership and global collaborations, IIHMR Delhi shapes future healthcare leaders to tackle evolving industry challenges.

Established in 2008, the International Institute of Health Management Research (IIHMR), Delhi is NAAC 'A' Grade, in the first cycle. It is a premier institute dedicated to advancing health, well-being, and sustainable development through cutting-edge research and education. Its transformative two-years post-graduate programme in Health Management, Hospital Management and Health IT Management offers a combination of rigorous management fundamentals & an in-depth advanced health systems and health services research.

With the rapidly evolving healthcare landscape, understanding critical areas like Digital Disruption, Analytics, Health Care Management, and Hospital Administration has become a necessity. With a legacy of more than 40 years in training future health entrepreneurs and health managers, the flagship program of IIHMR Delhi – MBA equivalent PGDM in Health & Hospital Management, goes beyond the traditional way of teaching. Its industry-focused course curriculum includes Industrial Visits, Health Simulations, Case study discussions, Industry Mentoring, Live projects, Internships, Personal Mentoring and Value-added courses.

Indian Council of Medical Research (ICMR), Government of India recognised IIHMR Delhi as an ICMR-Collaborating Centre of Excellence (ICMR-CCoE), with a validity of five years till August 2029. This great honour was in recognition of IIHMR Delhi's commendable achievements in biomedical research in the recent past. IIHMR Delhi is empanelled with NHSRC, SIFPSA.

Visionary Leadership:

Championing Public Health and Shaping Healthcare Education, Dr. Sutapa B. Neogi is a passionate public

health specialist who wears many hats: educator, researcher, author, and consultant. As Director, Dr. Neogi has been the driving force behind IIHMR's remarkable journey. Under her leadership, the institute continues to be a revolutionary force in shaping the future of healthcare professionals.

An MBBS from NRS Medical College and MD in community medicine from PGIMER, Dr Neogi has spearheaded and implemented clinical research-based projects for maternal and child health, clinical research projects, and policy advocacy.

Dr. Neogi has also written books on traditional medicines and research on maternal health care, including authoring a book titled "Gender Before Birth in India: Role of Indigenous and Traditional Medicine".

National/International Collaborations:

IIHMR Delhi has forged partnerships with renowned global institutions, further strengthening its position as a trusted brand. Collaborations with organizations like the World Health

Organization (WHO), Mahidol University, Thailand, Imperial College, London; Johns Hopkins School of Public Health, USA, to name a few, demonstrate the institute's commitment to international education and research. These collaborations enhance the institution's academic offerings and provide students with exposure to global healthcare trends and practices through student exchange program.

Campus Facilities:

IIHMR Delhi offers a blended high-quality education along with cultivating future healthcare leaders in a dynamic and internationally benchmarked campus. Its meticulously designed world-class infrastructure and state-

Dr. Sutapa Bandyopadhyay Neogi

Director, International Institute of Health Management Research (IIHMR)

of-the-art facilities have been crafted to support excellence in healthcare management education and training. The campus life helps the students immerse themselves in knowledge within internationally comparable classrooms, labs, and libraries.

Placements:

The IIHMR Delhi placement cell acts as the springboard to success for our future leaders in healthcare. The core mission of the cell is to foster strong corporate partnerships, actively networking with leading healthcare providers, IT firms, management consultancies, research institutions, and public health organizations, opening infinite of exciting career opportunities. IIHMR prioritizes securing internships followed by impactful placements for our students.

(AICTE APPROVED PROGRAMS OFFERED AT IIHMR, DELHI)

1. Two Years Full Time MBA Equivalent PGDM [Hospital & Health Management]
2. Three Years Fellow Program in Management
3. Online Postgraduate Certificate Program in Hospital Management
4. Online Postgraduate Certificate Program in Logistic & Supply Chain Management
5. Online Post Graduate Certificate Programme in Health Financial Management.

Note: IIHMR Delhi is one of the few institutions which offer AICTE approved online programs.

Anirudh Pratap Singh: Driving Innovation and Trust at Payomatix

Pioneering fintech innovation with a focus on trust, security, and adaptability under the visionary leadership of Anirudh Pratap Singh.

In the fast-evolving world of financial technology, leadership and vision are critical in shaping success. Anirudh Pratap Singh, the Director of Technical Operations at Payomatix, exemplifies the blend of technical expertise, strategic foresight, and unwavering dedication required to excel in the competitive fintech landscape. His contributions have positioned Payomatix as a leader in delivering innovative and secure payment solutions.

Shaping Payomatix's Technological Landscape

Anirudh has been instrumental in developing Payomatix's cutting-edge global payment systems, Alternative Payment Methods (APMs), and secure UPI integrations. His technical acumen and strategic leadership have empowered businesses to handle transactions seamlessly, catering to local and international markets with confidence.

Under his guidance, Payomatix has integrated blockchain-based payment technologies, a milestone that reinforces the company's commitment to staying ahead of industry trends. By addressing challenges like cross-border payments and providing diverse payment options, Anirudh ensures that Payomatix remains at the forefront of simplifying global commerce.

His vision is not limited to technological development alone. Anirudh's approach emphasizes creating an ecosystem where innovation meets reliability, ensuring that businesses can depend on Payomatix for their ever-evolving financial needs.

Anirudh Pratap Singh drives Payomatix's success by blending innovation, security, and strategic leadership, redefining digital payment solutions globally.

Collaboration with Founder Ruchi Rathor

Anirudh works closely with founder Ruchi Rathor to drive the company's mission of delivering excellence in digital payments. Their partnership is rooted in a shared vision of innovation, trust, and adaptability. Together, they have fostered a collaborative culture that positions Payomatix as a pioneer in the fintech industry.

This synergy has enabled Payomatix to consistently exceed client expectations while building long-term relationships. Anirudh's ability to align technical solutions with the broader strategic goals of the company is a testament to his leadership and expertise.

The Pillar of Security in Fintech

In an industry where cybersecurity is paramount, Anirudh has implemented robust measures to protect clients' financial information. By adopting the highest standards of cybersecurity, he has ensured that every transaction processed by Payomatix is safe and secure.

"Security is the foundation of trust in fintech," Anirudh explains. "Our clients rely on us not just to innovate but to safeguard their interests at every step."

This emphasis on security has earned Payomatix a reputation for reliability, making it the go-to partner for businesses across various industries.

⬆ **Anirudh Pratap Singh**
Director of Payomatix Technologies

Accolades and Leadership

Anirudh's relentless pursuit of excellence has been recognized with numerous accolades, including the Atal Achievement Award 2024, where Payomatix was named the "Most Innovative Payment Solution Provider of the Year." Additionally, Anirudh himself received the "Director of Technical Excellence" award, underscoring his significant contributions to advancing fintech solutions while ensuring client-centricity remains at the core of his work.

Vision for the Future

Looking ahead, Anirudh envisions a fintech ecosystem driven by trust and innovation. His goal is to push the boundaries of technology while maintaining Payomatix's core values of reliability, security, and adaptability.

"Trust is not just a value; it is the essence of our success," he remarks. "At Payomatix, we are building a future where trust drives every innovation and empowers businesses worldwide."

Through his leadership, Anirudh Pratap Singh is not only shaping the future of Payomatix but also setting new benchmarks for excellence in the fintech industry.

Shri Vaishnav Vidyapeeth Vishwavidyalaya: Where Trust Meets Transformative Leadership

Shri Vaishnav Vidyapeeth Vishwavidyalaya: A Trusted Brand Led by Visionary Leadership

In an era where trust is a cornerstone for success, Shri Vaishnav Vidyapeeth Vishwavidyalaya (SVVV) has established itself as a trusted brand in education. Founded in 2015, the university upholds the values of Shri Vaishnav Group of Trusts, an institution with a legacy of over 140 years, committed to serving humanity. SVVV's credibility stems from its consistent delivery of quality education, robust curricula, and an ecosystem of innovation that resonates with students, parents, and industries alike.

Building Trust Through Excellence

SVVV's credibility as a trusted brand is reflected in its diverse academic offerings. With 114 programs across engineering, management, agriculture, and more, the university serves over 8,500 students annually. By embedding the principles of the National Education Policy (NEP 2020), it prepares students for the demands of a rapidly evolving professional world.

Under its visionary leadership, SVVV emphasizes not just academic growth but also the holistic development of students. The leadership's ability to inspire trust is evident in their forward-thinking approach, building a strong foundation of partnerships with leading global institutions like Hanyang University, St Cloud State University, Minnesota and industry leaders such as IBM and Cisco.

Trusted Leadership Driving Vision and Change

At the heart of SVVV's success lies its leadership, which has transformed challenges into opportunities. By prioritizing transparency, inclusivity, and innovation, the university's leaders have fostered an environment where students, faculty, and

7th Convocation 2024

Chief Guest, Hon'ble Former President of India, Shri Ram Nath Kovind

stakeholders feel confident about the institution's mission and future.

The establishment of Centers of Excellence, including those focused on Plasma Research and Sustainable Development, showcases the leadership's ability to anticipate global needs and guide the institution accordingly. Their focus on sustainability and data-driven innovation has enhanced SVVV's reputation as a forward-looking institution.

Innovation Rooted in Trust

The institution's trustworthiness is amplified by its commitment to innovation and student-centric practices. The Centre for Happiness Studies exemplifies the university's belief in nurturing emotional intelligence alongside intellectual development. Meanwhile, initiatives like the Centre for Vocational Studies, empower local communities, strengthening societal trust in SVVV's positive impact.

By integrating research and practical learning, SVVV has fostered a trusted academic environment where students are equipped to lead in competitive global markets. The university's vibrant cultural and extracurricular activities, further enrich student experiences, creating well-rounded professionals who inspire confidence in their abilities.

Achievements that Cement Trust

SVVV's consistent rankings among India's top 50 innovative institutions in the Atal Rankings of Institutions on Innovation Achievements (ARIIA), reflect its trusted standing in academia. With over ₹1.5 crores secured in research funding and impactful advancements across fields, SVVV continues to build on its legacy of reliability and excellence.

The Hallmark of a Trusted Brand

Shri Vaishnav Vidyapeeth Vishwavidyalaya embodies the essence of a trusted brand led by exceptional leadership. Its focus on integrity, innovation, and inclusivity, ensures it remains a dependable choice for education. As SVVV continues to set benchmarks in academic excellence, its steadfast commitment to societal upliftment strengthens the foundation of trust it has built over the years.

SVVV exemplifies trust with visionary leadership, innovative education, and a legacy of excellence shaping students for global success.

Sequoia Healthcare: A Trailblazer Revolutionizing the Medical Diagnostic Industry

In the realm of dynamic business, where powerful performers continually redefine industries, one name stands out as a trailblazer: S. Viswanathan, the visionary founder of Sequoia Healthcare. With exceptional leadership, groundbreaking innovation, and an unyielding commitment to excellence, Viswanathan and his team are driving the medical diagnostic industry to unprecedented heights, transforming the landscape of healthcare in India and beyond.

Revolutionizing Diagnostic Imaging

Sequoia Healthcare is not just another player in the med-tech industry; it is a force of transformation. The company's Clarity 1.5 Tesla Helium-Free MRI Scanner has disrupted the market, addressing critical challenges in cost, sustainability, and accessibility. By eliminating helium—a scarce and costly resource—from its MRI design, Sequoia has pioneered a technology that significantly reduces operational costs while ensuring environmental sustainability.

This innovation is a game-changer for India, where cost-effective solutions are crucial for bridging the healthcare gap. As the first Indian company to develop a 1.5 Tesla MRI scanner, Sequoia is a shining example of how homegrown innovation can compete on the global stage.

Leadership that Inspires

S. Viswanathan's leadership philosophy is rooted in purpose-driven innovation. His ability to foresee industry needs and align them with broader economic and societal goals has set Sequoia apart. With a focus on indigenization, the company has developed a robust supply chain of local vendors and advanced manufacturing facilities in Chikkaballapur, Karnataka, and the upcoming unit at AMTZ, Visakhapatnam.

Viswanathan's vision extends beyond profits; it is about making high-quality diagnostic tools accessible to all. Under

his stewardship, Sequoia Healthcare has embraced cutting-edge technologies, including AI-based imaging enhancements, enabling healthcare providers to offer accurate and timely diagnoses.

End-to-End Solutions with Innovave

Sequoia Healthcare's strategic partnership with Innovave Healthcare has added a new dimension to its offerings. Together, the two companies are providing end-to-end workflow management solutions, encompassing everything from comprehensive site planning to scanning capabilities. Innovave's expertise in PACS (Picture Archiving and Communication Systems) and integrated workflow solutions complements Sequoia's advanced imaging technologies.

This partnership ensures seamless integration across the entire diagnostic workflow, from equipment setup and imaging to data storage and report generation. By combining hardware and software expertise, Sequoia and Innovave are delivering a cohesive solution that empowers diagnostic centers and hospitals to optimize their operations, enhance patient outcomes, and reduce turnaround times.

Impact on Healthcare and Economy

Sequoia's innovations have far-reaching implications. The company is enabling healthcare providers—ranging from small diagnostic centers to large hospital enterprises—to deliver top-notch imaging services. This democratization of healthcare technology is vital for underserved regions, where access to advanced diagnostics has traditionally been a challenge.

Moreover, Sequoia Healthcare's contributions align with India's ambition of becoming a global med-tech hub. By fostering local manufacturing, driving exports, and creating jobs, the company is not just transforming healthcare but also fueling India's economic growth.

① **S. Viswanathan**
Founder of Sequoia Healthcare

Empowering the Next Generation

Viswanathan's leadership has cultivated a culture of collaboration and continuous improvement at Sequoia. The integration of Lean Six Sigma and Japanese Kaizen principles ensures the highest quality in products and processes. Meanwhile, partnerships with research institutions and a strong ecosystem of IT companies in Bengaluru are pushing the boundaries of what's possible in diagnostic imaging.

A Vision for the Future

Sequoia Healthcare's journey is far from over. With ambitious plans to expand its portfolio, enhance global reach, and invest in next-generation technologies, the company is poised to lead the industry into a new era. Its narrative is one of resilience, innovation, and impact—hallmarks of a true trailblazer.

In a world where leadership and innovation define success, S. Viswanathan and Sequoia Healthcare are setting the standard. Their contributions to the medical diagnostic industry, bolstered by their partnership with Innovave Healthcare, are not just transforming healthcare but are also a testament to the power of visionary leadership in driving societal progress. As India moves towards its \$5 trillion economic dream, companies like Sequoia Healthcare are lighting the way.

Pratha: Pioneering Education with Tradition and Modernity

Mrs. Namita Kapoor's Vision for Holistic Learning and Cultural Preservation

In the realm of education, some brands seamlessly integrate tradition with innovation, and Pratha, co-founded in 2013 by Mrs. Namita Kapoor and Mr. Amit Kapoor, stands out as a shining example. The couple's shared commitment to holistic education has given society a nurturing space for young minds to thrive.

A postgraduate in Political Science from Delhi University and a Bachelor in Education, Mrs. Namita Kapoor exemplifies academic excellence and visionary leadership. Her journey began with the launch of the Kingdom of Kids Pre-School in Greater Kailash in 2014. The school achieved recognition as the "Best Emerging Play School" within its first year.

Inspired by her passion for values like sabhyata (culture) and sanskaar (ethics), Mrs. Kapoor rebranded the school division as Pratha in 2015, meaning "tradition." It was aimed to be the perfect blend of tradition, culture and modern day thinking. Partnering with Shri Educare Limited, a leader in Indian education, Pratha quickly gained momentum as a leader in Early Childhood Care and Education (ECCE).

Excellence in Early Childhood Education

Pratha Pre-School, Palam Vihar, Gurugram, established in 2015, has become a symbol of excellence in ECCE. Combining traditional values with modern pedagogy, the school fosters holistic growth. Its infrastructure, based on the BALA (Building as a Learning Aid) concept, ensures that learning naturally integrates into the environment.

Pratha caters to children aged 18 months to 5 years and incorporates Hindi,

Founded in 2013, Pratha combines tradition, culture, and innovation to empower young minds under Mrs. Namita Kapoor's leadership.

English, and Spanish into its curriculum, preparing young learners for a globalized world. The school's focus on experiential learning ensures lasting knowledge and emotional growth.

Recognition and Leadership

Under Mrs. Kapoor's leadership, Pratha has received numerous accolades. In 2022, Women Entrepreneur India Magazine named Pratha Pre-School the "Best Play School of the Month." Mrs. Kapoor was also featured as one of the "Top 10 Best Women Leaders in Play and Pre-Schools - 2022."

Celebrated by Woman's Era Magazine for "Raising the Bar - Successful Women Entrepreneurs,"

↑ **Namita Kapoor**
Director, Pratha Schools

Mrs. Kapoor's accomplishments highlight her dedication to education and inspire future generations of leaders.

Expanding Horizons

Pratha's Ek Kutumbh Initiative reflects its commitment to fostering global citizenship among students. As part of its ongoing expansion, Pratha will launch Pratha School, Sector 30 and Pratha Pre School, Dwarka Expressway, in 2025, marking its entry into the formal education sector.

Pratha has Recently acquired Knowledge Tree Infrastructure Limited (KTIL) which has a K 12 facility in Palam vihar, Gurgaon having more than 2000 plus students being run by Gems international Group. This strategic move signals Pratha's readiness to influence the broader educational landscape.

A Visionary Leader

Mrs. Namita Kapoor's professional journey is a testament to her dedication to nurturing young minds while preserving cultural values. Under her visionary leadership, Pratha continues to set benchmarks in early education, creating a legacy that inspires educators and students alike.

At the heart of its mission, Pratha aims to redefine education by harmonizing tradition with innovation, empowering young minds for lifelong success.

COLD STEEL CORPORATION: Pioneering Trust and Innovation in India's PEB Industry

Setting New Standards in Steel Construction, Cold Steel Corporation Leads with Quality, Speed, and Sustainability in India's Growing Infrastructure Market.

In a world where trust defines industry success, Cold Steel Corporation stands out as a leader in India's pre-engineered building (PEB) sector. Founded in 1977 by visionary technocrat Mr. Rajwansh Bedi, Cold Steel pioneered custom-built steel sections and pre-engineered structures, transforming India's construction landscape. At a time when steel was scarce and its sustainable potential untapped, Cold Steel seized the opportunity to drive innovation and reliability.

With over four decades of expertise, Cold Steel has delivered more than 2,000 projects across India and few internationally as well. Noteworthy achievements include construction of Asia's largest float glass manufacturing plant for Saint-Gobain in Chennai and Bhiwadi and central India's largest logistic park with over 1.2 million sq. ft. area to name a few. Now expanding into other Asian Markets Cold Steel remains committed to quality and pioneering solutions.

Operating as a debt-free, self-financed enterprise, Cold Steel boasts an annual production capacity of 50,000 metric tons across automated facilities spanning 75,000 square meters. This capacity enables the production of entire PEB product range under one roof from primary built-up sections and beams to all secondary members including roof and cladding with accessories as well as a state of the art fully automatic Bubble wrap aluminium foil insulation line Cold Steel's holistic approach—covering everything from foundation design to project planning along with complete PEB structures establishes it as a trusted, one-stop solution for clients seeking durable and sustainable Pre-Engineered steel buildings. Dedicated to eco-friendly practices, Cold Steel minimizes resource usage, aligning with India's sustainability goals and setting a benchmark in green construction.

A trusted leader in pre-engineered steel buildings, Cold Steel Corporation combines innovation with speed and sustainability, shaping India's construction landscape since 1977.

①

Ankur Bedi

Managing Partner & Business Head,
Cold Steel Corporation

Efficiency and Excellence in Project Execution

Cold Steel's dedication to quality is matched by its efficiency in project delivery. Recently, it completed a 3,500-square-meter G+5 corporate office for Volvo Eicher near Indore in just 30 days, setting a new benchmark in the multi-story steel building sector. This achievement showcases Cold Steel's ability to deliver complex projects on tight timelines without sacrificing safety or quality. By synchronizing fabrication and foundation preparation, Cold Steel enables seamless assembly and installation, ensuring quick and effective project execution.

Values-Driven Leadership and Customer-Centricity

Cold Steel's corporate culture emphasizes trust, transparency, and customer-centricity. Employees are nurtured in an environment that

values learning and growth, fostering a workforce dedicated to meeting evolving client needs. According to Mr. Ankur Bedi, Managing Partner &

Business Head "With landmark projects across India having worked with almost all leaders from different segments like Automobile, Wires & Cable, Pharmaceuticals, Logistics parks, FNB, White Goods and heavy Industry, Cold Steel continues to lead the PEB industry with unwavering standards."

Shaping the Future of Indian Infrastructure

As India's demand for resilient and sustainable infrastructure rises, Cold Steel's legacy of innovation and trust is set to shape the nation's infrastructure landscape. With its focus on quality, speed, and sustainability, Cold Steel Corporation stands as a leader in the PEB industry, setting new standards for what trusted brands and leaders can accomplish.

Building Trust, Transforming Lives: Dharti Realty and Vinay Agrawal

Redefining real estate with innovation, integrity, and excellence, Dharti Realty stands as a trusted name under Vinay Agrawal's leadership.

In the dynamic and competitive real estate industry, trust is the cornerstone of success. Among the leaders and brands that have earned this trust, Dharti Realty stands tall, driven by the visionary leadership of Mr. Vinay Agrawal. As a partner at Dharti Realty, Mr. Agrawal exemplifies what it takes to build a brand synonymous with reliability, innovation, and excellence.

Building Trust Through Excellence

Dharti Realty has successfully delivered over 20 projects across Mumbai, Mumbai Suburban, Thane, and Palghar, redefining the urban landscape of Maharashtra. The brand has set benchmarks in real estate, combining architectural brilliance with the highest standards of quality. From residential developments to commercial hubs, Dharti Realty's projects reflect a commitment to creating spaces that are not only functional but also inspiring.

Behind this remarkable success is Mr. Agrawal, whose leadership has transformed Dharti Realty into a trusted name in the real estate sector. By focusing on integrity, innovation, and sustainability, he ensures that every project aligns with the aspirations of modern consumers while fostering long-lasting relationships with clients and investors.

Innovation: A Hallmark of Leadership

In today's fast-paced world, brands must evolve to meet ever-changing demands, and Dharti Realty has consistently stayed ahead of the curve. Under Mr. Agrawal's guidance, the company integrates smart technologies, adopts sustainable construction practices, and embraces

futuristic designs. These innovations not only enhance the functionality and aesthetics of their projects but also ensure they meet the standards of an eco-conscious and technology-driven society.

By prioritizing green building practices and cutting-edge methodologies, Dharti Realty has set a new standard for urban development. These initiatives are part of Mr. Agrawal's broader vision to create vibrant, self-sustaining ecosystems that improve the quality of life for their inhabitants.

Integrity: The Foundation of Trust

A trusted brand is built on more than just products or services—it is built on integrity. For Dharti Realty, this means maintaining transparency in every transaction, accountability in every

commitment, and ethical practices in every decision. Mr. Agrawal's dedication to these principles has earned the company the trust of clients, investors, and stakeholders alike.

Through a culture of honesty and reliability, Dharti Realty has cemented its reputation as a brand people can depend on. This trust is not just a byproduct of success but a deliberate outcome of Mr. Agrawal's unwavering commitment to doing the right thing, every time.

A Leader Who Inspires

Mr. Vinay Agrawal's leadership goes beyond managing projects—it is about inspiring change and creating a legacy. His ability to balance creativity with practicality, and his focus on delivering excellence, have made him a beacon of trust in the real estate industry.

By championing sustainable growth, community development, and innovation, Mr. Agrawal has not only shaped the trajectory of Dharti Realty but also set a blueprint for other leaders to follow.

Conclusion

In an industry where trust is paramount, Dharti Realty and Mr. Vinay Agrawal have emerged as exemplars of excellence. Through their dedication to quality, innovation, and integrity, they continue to inspire confidence and set new standards for what a trusted brand can achieve.

Shaping Excellence: Trusted Brands and Visionary Leaders Driving Progress

Celebrating iconic brands and inspiring leaders who redefine trust, innovation, and excellence in their respective domains.

➔ **Nigam Gupta**
Founder and Managing Director of
HexaMed Technologies (India) Pvt. Ltd.

Discover the stories of trusted brands and leaders inspiring innovation, shaping industries, and building a legacy of excellence globally.

Under Gupta's stewardship, HexaMed Technologies has introduced cutting-edge technologies, including neurophysiology and polysomnography systems, addressing critical healthcare needs with advanced solutions. His flagship project, "Training, Research & Rehabilitation with Medicom MTD," underscores his commitment to leveraging technology for improved patient outcomes. With a focus on developing solutions tailored to evolving healthcare demands, Gupta ensures HexaMed remains at the forefront of innovation.

Through initiatives like the Biomedical Equipment Maintenance Management Program (BEMMP), HexaMed offers comprehensive services—from asset management to warranty administration—streamlining operations across healthcare institutions. Supported by a team of skilled biomedical engineers, HexaMed ensures optimal equipment functionality, reducing operational costs while enhancing reliability. These advancements reflect Gupta's vision of enabling healthcare providers to deliver consistent, high-quality care.

Global Reach and Recognition

Gupta's influence extends beyond Indian borders. Collaborations with premier institutions such as AIIMS New Delhi and initiatives in the Middle East showcase his ability to address global healthcare challenges. His strategic foresight and unwavering dedication to quality have earned him accolades like the Times Influential Leaders Award, reinforcing his reputation as a thought leader in healthcare innovation.

Gupta's insights on strategic business movements have been lauded across forums, further cementing his position as a pioneer in biomedical solutions. His efforts to bridge the gap between technology and accessibility have set new benchmarks for healthcare delivery, earning him international acclaim.

Driving Excellence Across Domains

Gupta attributes much of his growth and accomplishments to his mentor and group CEO, Mr. Selvakumar Devannan. He shares, "Mr. Selvakumar's visionary guidance, unwavering support, and profound insights have been a constant source of inspiration. His ability to nurture potential and instill confidence has shaped my professional journey and

strengthened my resolve to lead with purpose and integrity."

Gupta acknowledges his mentor's role in spearheading strategies that have elevated healthcare delivery and infrastructure. Selvakumar's ability to identify systemic gaps and introduce affordable, world-class innovations has redefined standards across industries, serving as a model for Gupta's own leadership.

With an impressive educational background—including certifications in Medical Electronics, Corporate Law, and Brand Building, alongside diplomas in International Business Management and Mass Communication—Gupta combines technical expertise with a deep understanding of strategic operations, fostering excellence across all endeavors.

A Vision for the Future

As Convenor of the Health and Medical Infra Council of ASSOCHAM J&K and Trustee-Member of Shri Kailash Jyotish Avim Vedic Sansthan Trust, Gupta exemplifies leadership grounded in ethics and societal progress. His commitment to aligning business objectives with community welfare has driven HexaMed Technologies' sustained success.

Gupta's journey serves as a beacon of inspiration for professionals across industries. By aligning innovation with societal needs, he demonstrates how ethical leadership and strategic vision can drive transformative change.

HexaMed Technologies continues to revolutionize biomedical equipment management under Gupta's guidance. His relentless pursuit of excellence ensures HexaMed remains a trusted partner in building a robust and reliable healthcare ecosystem, impacting lives and elevating standards for future generations.

Pulkit Prakash: Building a Legacy of Trust and Leadership in Law

Pulkit Prakash's unwavering integrity and legal acumen position him as a trusted leader reshaping India's legal landscape.

Trust is the cornerstone of leadership, and few exemplify this better than Pulkit Prakash. As the founder of Niti Bodh, a premier full-service law firm, Pulkit has emerged as a beacon of reliability and innovation in the Indian legal ecosystem. His journey from humble beginnings in Bihar to becoming a trusted name in law highlights a rare blend of resilience, expertise, and unwavering commitment to justice.

Pulkit's leadership story began with personal adversity that shaped his pursuit of fairness and equality. A defining childhood experience, where societal prejudices left an indelible mark, inspired him to embrace the law as a tool for justice. His discovery of the Indian Constitution not only ignited his passion but also laid the foundation for his ethos as a legal professional who values trust and fairness above all.

A stellar academic record underscores Pulkit's commitment to excellence. His BA LLB from Chanakya National Law University was complemented by a suite of specialized certifications in intellectual property rights, environmental laws, cybercrime, and corporate law. These qualifications reflect his dedication to addressing complex legal challenges with nuanced expertise.

The genesis of Niti Bodh in 2015 marked a turning point in Pulkit's career. Founded on principles of integrity, innovation, and client-centricity, the firm quickly established itself as a trusted brand in the legal domain. From constitutional and corporate law to white-collar crimes and arbitration, Niti Bodh offers comprehensive legal solutions

tailored to the needs of a diverse clientele. The firm's presence in Delhi and Bangalore further reinforces its commitment to accessibility and excellence.

Pulkit's leadership extends beyond building a successful firm. His role as a thought leader in legal consultancy and research, including his contributions to environmental law initiatives for the Asian Development Bank, underscores his dedication to societal impact. His representation of India at international forums, such as the BRICS Legal Forum, and his association with global arbitration bodies highlight his stature as a trusted voice in the legal community.

What sets Pulkit apart as a leader is his emphasis on nurturing trust within his team and with his clients. At Niti Bodh, he fosters a culture of collaboration, continuous learning, and innovation, ensuring that every solution is both effective and ethical. His vision of building a 100-strong team by the end of the decade

Pulkit Prakash and Niti Bodh epitomize trust, innovation, and leadership in delivering impactful legal solutions to diverse challenges.

① **Pulkit Prakash**
Founding Partner

exemplifies his forward-thinking approach and commitment to sustainable growth.

Pulkit's leadership ethos is deeply rooted in his personal values, inspired by nature's resilience and his parents' sacrifices. These influences shape his unwavering dedication to building trust and delivering excellence in every endeavor. His guiding principle, "Do what you love and love what you do," resonates in his professional and personal life, emphasizing the importance of passion in creating lasting impact.

Under Pulkit's stewardship, Niti Bodh has become a trusted brand in the legal sector, embodying the qualities of reliability, innovation, and ethical leadership. His journey serves as a testament to the power of trust in building not just a brand, but a legacy.

Transforming The South Asian Skies with Expert Aero-Medical Services

A healthy Nation depends on the health care system that it provides to its citizens. In the world of emergency medical services, time is of the essence. ICATT Air Ambulance, a pioneering service based in Bangalore, India, has been redefining the standards of air medical transport. ICATT has become synonymous with swift, advanced, and compassionate medical solutions.

Dr Shalini Nalwad and Dr Rahul Singh Sardar, founders of ICATT Air Ambulance Service have long term goal of transporting patients on wings and showcasing prowess of the possibility of Helicopter Emergency Medical Service. Both are Anaesthetists with a special interest in Critical-care and Emergency Medicine with over a decade of experience in Air Ambulance Services of UK.

ICATT specializes in providing air ambulance services for a wide range of medical conditions, including organ transport, ECMO transfers, neonatal and paediatric cases, high-risk obstetric cases, and trauma emergency response. Their fleet of helicopters and airplanes is equipped with state-of-the-art medical equipment, ensuring that patients receive the highest level of care during transport. ICATT Air ambulance service, to date, has carried out more than 2348 Critical patient airlifts including neonatal and paediatric age groups, 298 ECMO (Extra Corporeal Membrane Oxygenation) initiation and transfers and multiple government contracts to provide HEMS in India.

ICATT proved the concept of HEMS during the Kerala floods in 2018, where they were able to save lives and airlift numerous people from the relief camps. In a significant move to enhance emergency medical services, the Madhya Pradesh government powered by ICATT Air Ambulance

service recently launched the PM Shree Air Ambulance Service officially inaugurated by the Honourable Chief Minister of Madhya Pradesh, Shri Mohan Yadav, on May 29, 2024. This initiative aims to provide free of cost rapid and high-quality medical care to residents, especially those in remote and underserved areas. ICATT has deployed a Helicopter and Fixed Wing aircraft supported by its highly skilled team of doctors, paramedics, pilots, and aircraft maintenance engineers.

ICATT is the first in India to have developed its own Flying ECMO team of Cardiac Anesthetists, Perfusionists and Paramedics. This became an effective tool during the Pandemic and we have achieved more than 298 ECMO Initiation and transfers within just 24 months, the highest in the world done by a single organization.

Identifying the lacuna in their Medical bench strength, ICATT conceptualized and developed a specialized bespoke Training Program for Flying Doctors with a

joint effort from the Air Ambulance and HEMS Organizations in the UK. The training program is called FAM - Fellowship in Aero-Medical Sciences. The curriculum and course have been developed in the UK, the first batch of FAM trained 15 doctors have finished their 1year training and are now part of the ICATT Flying Medical Team.

The evolution of ICATT Air Ambulance service from the time of inception in the year 2017 with just two doctors, has grown to become the largest Air Ambulance Service of Asia armed with over 50 Professionals Specialist Aeromedical teams in Critical-care, Cardiac Anaesthesia, Cardio-thoracic Surgery, Emergency Medicine, Neonatology.

ICATT Air Ambulance is not just a service; it's a lifeline for those in need of urgent medical care. Their unwavering dedication to patient safety and well-being makes them an invaluable asset in the world of emergency medical transport.

Rathinam Group: Pioneering Education and Innovation on a 70-Acre Knowledge-Centric Campus

Rathinam Group, renowned for its commitment to outstanding education, spans a vast 70-acre area known as the Rathinam Techzone Campus. This prestigious institution emulates the innovative educational model of Carnegie Mellon University, blending advanced technology with learning. Offering a comprehensive range of programs from Pre-KG to Ph.D., Rathinam embodies a holistic “Live, Learn, Work, Play” philosophy, providing an all-inclusive educational environment. The campus is not just an academic hub but also features IT parks, startup incubation centers like AIC RAISE, and comprehensive living facilities, fostering a robust environment for personal and professional development. Currently, the group oversees four schools and ten higher education institutions, spanning fields from Arts & Science to Engineering and more, with plans to expand its offering to 20,000 students through eight additional secondary schools and ten higher education institutions.

AIC RAISE plays a pivotal role within this ecosystem by nurturing social startups aimed at profitability and societal benefit. This incubator enhances the potential of innovative ventures by providing essential resources like capital equipment, expert mentorship, and business strategy support, alongside opportunities for seed funding and vital industry connections.

Rathinam College of Arts and Science (Autonomous) is a standout entity within the group, recognized for its excellence with a rating NAAC A++ and consistent ranking among the top 200 institutions in India for seven years as per the National Institutional Ranking Framework (NIRF). Similarly, the Rathinam Technical Campus, an autonomous engineering college, has achieved significant acclaim, securing NAAC A+ grade in its first accreditation and receiving NBA accreditation for all eligible engineering courses. Rathinam Technical Campus has achieved

Dr. Madan A. Sendhil, a graduate in Electronics and Computer Engineering with a Masters Degree from the University of Central Florida and a Ph.D. from Anna University, Chennai, has a rich professional background. After working for companies like Motorola and TimeSys in the USA, he returned to India to embark on his entrepreneurial journey. Driven by a vision to leverage innovation and technology for knowledge development and application, he transformed his father’s higher secondary school in Coimbatore into a sprawling 70-acre integrated knowledge-centric township. As a first-generation entrepreneur, Dr. Sendhil faced challenges in establishing an educational institution, including stringent regulations and substantial capital requirements. However, he overcame these obstacles by expanding his vision to include the establishment of a knowledge-centric township encompassing educational institutions. This innovative approach has yielded significant benefits for all stakeholders involved. To finance the capital-intensive infrastructure development, Dr. Sendhil mastered the art of appropriate debt and equity fundraising. He also focused on forging strong partnerships and networks while avoiding speculative infrastructure investments. Through these strategic decisions, he successfully built a thriving business and established a strong brand for Rathinam Group of Institutions. One of Dr. Sendhil’s ongoing challenges is to attract and nurture leadership talent that aligns with his vision. To address this, he prefers young, tech-savvy, and adaptable individuals and personally grooms them to lead the organization. The high-performance youth team at Rathinam Group ensures dynamic leadership that propels the brand towards global recognition and success.

Dr. Madan A. Sendhil
Chairman, Rathinam Group of Institutions

impressive placement records, with top offers reaching up to 58 LPA for two students and 45 LPA last year. This year, the placement season began with an outstanding offer of 41 LPA. This campus is a testament to Rathinam’s commitment to innovation and building effective partnerships between academia and industry.

Rathinam integrates technology as a cornerstone of its educational philosophy, utilizing ERP systems, Learning Management Systems, Digital Content, Experiential Learning hubs, and Hybrid Classrooms to enhance learning. As a pioneer in establishing Innovation and Design Thinking Labs, Rathinam equips students with critical thinking skills, preparing them to excel in complex professional environments.

The Rathinam School of Business in Bangalore offers undergraduate and

postgraduate programs like BBA, BCA, MBA, and MCA, blending theoretical knowledge with practical expertise to produce industry-ready professionals skilled in business strategies, technology, and leadership. Meanwhile, Rathinam PU College provides a robust pre-university foundation with courses such as PCMC, CEBA, and PCMB, fostering academic and personal growth while preparing students for careers in engineering, medicine, business, and sciences.

Rathinam’s Centre of Excellence Labs deliver industry-focused, practical training in partnership with on-campus industries, ensuring concept-based learning and strong job placements. With a commitment to academic excellence and industry collaboration, Rathinam continues to nurture future business leaders, technologists, and innovators.

From Adversity to Innovation: Dr. Manodh Mohan's Inspiring Journey with Skyislimit Technologies

Discover the Remarkable Rise of the CEO Who Turned Challenges into Opportunities

Manodh Mohan: From Adversity to Innovation - The Journey of Skyislimit Technologies

In the world of entrepreneurship, some stories reflect the indomitable spirit of human determination and resilience. The tale of Dr. Manodh Mohan, Founder & CEO of Skyislimit Technologies, is one such narrative that serves as a beacon of hope for young minds aspiring to conquer the challenges of the business world. Dr. Mohan, an unwavering believer in the mantra, "Every problem has a solution," has not only lived by these words but has also translated them into a remarkable success story.

Manodh's journey began with a job as a flight steward at Air Deccan. However, life had other plans for him.

Within six months, he had to relinquish his job to support his family, who were on the verge of becoming homeless due to mounting financial debts. Yet, he refused to be defeated. Determined to change his circumstances, he embarked on a new path.

Returning to his hometown, Adoor in Kerala, Manodh decided to open an internet café. Simultaneously, he honed his software programming skills, which he had acquired from friends. His very first paycheck in the software industry amounted to a modest \$108, but it was a defining moment that illuminated his path forward.

As his expertise grew, Manodh founded a website development company with two of his friends. While the company excelled in providing website services, it struggled with an underperforming sales wing. Tracking and managing the sales team's performance became an arduous task, requiring either the recruitment of additional personnel or the creation of an innovative solution. Manodh chose the second path, marking the inception of Salesfokuz.

Salesfokuz, the flagship product of Skyislimit Technologies, emerged as a comprehensive sales management software solution designed to address the challenges faced by sales teams across diverse industries. It was a turning point that not only solved a persistent problem but also laid the foundation for Manodh's entrepreneurial success.

Today, Salesfokuz has gained the trust of prominent financial institutions, including SBI DFHI, CSB Bank, Saraswat Bank, DCB Bank, Shivkrupa Sahakari Patpedhi Ltd., as well as other leading organizations like Manikchand Oxyrich, Godrej, Asianet, Dentcare and many more. Since its inception in 2019, Dr. Manodh and his dedicated team have achieved an impressive feat, securing over 30 prestigious awards and gaining recognition on esteemed media platforms.

In a world often characterized by challenges and uncertainties,

Dr. Manodh Mohan serves as a living testament to the power of unwavering determination, hard work, and an unshakable belief in finding solutions. His journey stands as an inspiration for generations to come, reminding us all that every problem holds a solution, waiting to be discovered by those who dare to dream and persist tirelessly.

Dr. Manodh Mohan
