GLOBAL TECHNOLOGY LEADERS AWARDS 2025

BIZOX MEDIA NETWORK ORGANIZED
“GLOBAL TECHNOLOGY LEADERS AWARDS
2025” (2ND EDITION) FELICITATED AWARDS
TO INDIVIDUALS FROM INDIA, USA & UAE

The *Global Technology Leaders Awards 2025* stands as a prestigious recognition, celebrating the exceptional contributions of visionaries and innovators in technology across the **USA, UK, India, UAE, Armenia, Canada, Mexico, Australia, and beyond**. This year, we are delighted to share that an impressive **1850+ nominations** were received from outstanding professionals and organizations spanning the United States, the United Arab Emirates, and India. With immense pride, we now unveil and congratulate a distinguished group of awardees who have rightfully secured their place among the Global Technology Leaders Awards 2025. These trailblazing individuals and organizations embody perseverance, performance, and dedication, with an unwavering commitment to innovation, creativity, and excellence within their respective fields.

The entire Award are supported/associate as, Powered by: **I-Novate Technologies Pvt. Ltd.** Organized by: **Bizox Media Network**, Magazine Partner: **The CEO Magazine**.

**MR. UPENDRA
KANURU**

“INTERNATIONAL
DEVSECOPS LEADER
OF THE YEAR –
INFORMATION
TECHNOLOGY (USA)”.

With over 14 years of
experience in the Life,

Annuities, and Health Insurance sectors, **Mr. Kanuru** is a distinguished expert in Cloud DevSecOps, FinOps, and Site Reliability Engineering (SRE). He has led major public cloud transformation initiatives, modernized critical systems, and implemented secure, scalable DevOps pipelines that have significantly improved operational efficiency and cost optimization.

He holds a Bachelor's in Computer Science, a Master's in Finance, and is currently pursuing a Doctorate in Computer Science with a focus on Cybersecurity and Information Assurance. His expertise is further backed by professional designations including LOMA FLMI, AAPA, ACS, and AHM. This award recognizes his visionary leadership and impactful contributions to secure, cloud-native innovation at scale.

**MR. SURESH
BABU
NETTUR**

“GLOBAL EXCELLENCE
IN AI INNOVATION
AND SOFTWARE
ARCHITECTURE
– INFORMATION
TECHNOLOGY (USA)”.

Mr. Nettur, M.S., B.Tech., is a seasoned technologist and thought leader with over 20 years of impactful contributions across healthcare, finance, and telecom. His work bridges enterprise-scale architecture, AI research, and open-source innovation.

He has led major AI-driven initiatives—reducing fraudulent healthcare claims by 30%, optimizing high-volume systems with microservices, and enhancing patient outcomes through predictive analytics. His original research has led to innovations like Cypress Copilot, an AI-powered tool boosting developer productivity, and lightweight deep learning models designed for real-world diagnostics. This award recognizes his ongoing commitment to scalable, efficient, and impactful AI solutions.

**MR. KRISHNA
GANERIWAL**

“MOST PROMISING
SOFTWARE
DEVELOPER
OF THE YEAR –
INFORMATION
TECHNOLOGY
(USA)”.

As a Senior Software Engineer at Meta, Krishna leads advancements in privacy-aware infrastructure, building secure and scalable systems for the Ads Privacy organization. His work in data lineage, purpose limitation, and cryptographic observability powers some of the industry's most privacy-sensitive pipelines.

With a background from the University of Wisconsin–Madison and a track record at Meta and Texas Instruments, Krishna continues to shape the future of privacy-first, high-impact technology.

**MR. SHISHIR
TEWARI**

“BEST USE OF
TECHNOLOGY
– INFORMATION
TECHNOLOGY (USA)”.

Mr. Tewari is a seasoned
Senior Engineering
Manager with over 19

years of experience in data engineering, data warehousing, and business intelligence. He has a proven track record of leading high-performing teams and delivering scalable, high-impact data platforms.

Recognized for his ability to define and drive the technical vision for data systems, Shishir excels in leveraging cloud platforms, open-source tools, and distributed architectures to optimize data processing and analytics at scale. This award honors his outstanding contributions to technology-driven innovation and operational excellence.

MR. AASHISH MISHRA

“VISIONARY SOFTWARE DEVELOPER IMPACTING U.S. DIGITAL GROWTH – INFORMATION TECHNOLOGY (USA)”.

Mr. Mishra is a highly accomplished Senior Software Developer with over 7 years of experience building scalable, secure, and high-performance applications across the healthcare, insurance, and banking sectors. He specializes in Java, Spring Boot, microservices architecture, and cloud-native solutions, and has deep expertise in Kafka, Docker, Kubernetes, and modern front-end frameworks like React and Angular.

His passion for innovation and his ability to solve complex business challenges with cutting-edge technology have made a lasting impact on U.S. digital transformation. This recognition celebrates his outstanding contributions to the field of software development.

AWARDEES OF 2024

MR. MOHAMMED MOHSIN

“TECHNOLOGY LEADER OF THE YEAR – DATA WAREHOUSE SPECIALIST (USA)”.

With 18 years of experience in the IT industry, Mr. Mohsin has led high-impact data initiatives across sectors including healthcare, finance, insurance, and manufacturing. A specialist in Data Warehousing, ETL, BI solutions, and data integration, he has played a key role in driving business growth and operational excellence for top U.S. clients.

Recipient of the 2024 Global Technology Leaders Award, his expertise lies in transforming complex data into actionable insights that enable smarter, data-driven decisions at the enterprise level.

MR. ASHISH GUPTA

“MOST INNOVATIVE LEADER OF THE YEAR AWARD IN DIGITAL TRANSFORMATIONS & TRANSITIONS – GLOBAL IT ADVISORY.”

With over 20 years of global experience, Mr. Gupta is a distinguished Senior IT Advisor and technology architect known for leading digital transformation, AI-driven innovation, and infrastructure modernization across North America, the UK, and Asia. A TOGAF®9-certified expert, he has guided large-scale IT strategies for clients such as Kaiser Permanente, Xerox, ING Group, CIBC, and Aviva.

His work has earned recognition in major media outlets like TechBullion, Dataconomy, and HackRead, and he has contributed thought leadership on topics such as AI in healthcare, digital banking trends, and Infrastructure as Code. As both a published researcher and peer reviewer, Ashish continues to influence the future of digital innovation across industries. Recipient of the 2024 Global Technology Leaders Award. This award honors his outstanding leadership in driving impactful digital transitions worldwide.
