# VOICES OF VISION

## TRANSFORMING COMMUNITIES THROUGH PURPOSE

### CHEF DR. KUNAL SETH

Chef (Dr.) Kunal Seth is a visionary educator, researcher, and innovator transforming India's hospitality landscape. With over three decades of experience across professional kitchens, academia, and research, he seamlessly blends industry expertise with academic rigor. Currently Professor and Former Head of Department at Amity School of Hospitality, Gurugram, he has introduced innovative teaching methods, skill-based programs, and international collaborations, significantly enhancing institutional growth and placements. Beginning his career at Ambassador Sky Chef, he gained global operational expertise. A Ph.D. holder in HR practices, published author, patent innovator, and certified Trainer the Trainer of POSH, he continues to mentor future hospitality professionals with ethics, skill, and holistic vision, shaping India's next generation of leaders.

### MASTER J. S. KRITHVIK ARYA

Master J. S. Krithvik Arya, a five-year-old sporting prodigy from Tamil Nadu, is rapidly gaining recognition as one of India's youngest and most inspiring athletes. Introduced to the ancient martial art of Silambam at just three, he quickly demonstrated extraordinary discipline, focus, and technical skill far beyond his years. His dedication has earned him multiple district and state-level awards, including the prestigious "Best Young Silambam Performer of the Year" by Kiteskraft Production. Beyond martial arts, Krithvik excels in marathon running, showcasing remarkable stamina and mental resilience. Backed by supportive parents and expert coaching, he is emerging as a symbol of early-age sports excellence, inspiring young athletes and reviving interest in traditional Indian sports nationwide.

### DR. RAJESH KUMAR A

Dr. Rajesh Kumar A (Dr. ARK), founder and CEO of Vithania Life Sciences, is redefining personal care at the intersection of Ayurveda, biotechnology, and modern science. Hailing from Kerala, his early fascination with herbal remedies under his grandfather's guidance inspired a lifelong pursuit: harmonizing what nourishes the body internally with what touches the skin. With an M.Sc. in Organic Chemistry and a Ph.D. in Medicinal Chemistry, he combines rigorous science with traditional wisdom to develop edible-aligned cosmetics – products designed with food-grade safety, efficacy, and holistic nourishment. Under his visionary leadership, Vithania

creates personal care and wellness solutions that are safe, innovative, and performance-driven, setting a new global benchmark for clean, science-backed beauty.

### DR. ABHIRAJ RAMCHANDANI

Dr. Abhiraj Ramchandani is a distinguished Indian pathologist, educator, and medical researcher renowned for his contributions to pathology, diagnostics, and medical education. He graduated with an MBBS from R.D. Gardi Medical College, Ujjain, earning a gold medal in Microbiology, and completed his MD in Pathology in 2012 with research on breast malignancies. Over his career, he has served as Assistant and Associate Professor at SAIMS, Indore, and AIMS, Dewas, and currently holds the position of Professor of Pathology and Director at Lehar Pathology Lab, Ujjain. With over thirty published research articles and extensive expertise in laboratory quality standards, he continues to advance medical diagnostics and mentor the next generation of healthcare professionals in India.

### SUNIL KHOSLA (CHACHOWALIA)

Dr. Sunil Khosla, a committed healthcare professional and social worker from Batala, Punjab, has dedicated over two decades to medical service and addiction recovery. Holding a Diploma in Pharmacy and registered with the Punjab State Pharmacy Council, he has also been awarded an honorary doctorate from State Maryland University, USA, in recognition of his contributions to healthcare and social welfare. Beginning his career in 1995, he progressively specialized in de-addiction and rehabilitation services. In 2020, he established Disha Neuropsychiatry & De-addiction Clinic, providing structured, compassionate treatment integrating medical and psychological care. He actively combats drug abuse across Punjab and Jammu & Kashmir's border regions while leading health awareness, relief, and community welfare initiatives.

### DR. GHANSHYAM THAKUR

Dr. Ghanshyam Thakur is a distinguished social worker, retired senior banker, author, and internationally recognized astrologer committed to humanitarian service. After a successful three-decade career in banking, he dedicated his life to social reform, Vedic sciences, and public welfare initiatives. Inspired by a personal family health crisis, he pioneered research in cancer prediction and preventive awareness through astrology and palmistry, offering guidance and remedies to thousands. Founder of Shri Anoop Sodh Sansthan and Mahamantri of Bharatiya Jyotish Parishad, he has authored over 2,000 articles and several books. His work spans women's rights, child welfare, environmental drives, and cultural preservation, blending scientific reasoning with ancient wisdom for global social impact.

### PROF. RAJESHWAR PRASAD

Prof. Rajeshwar Prasad, the Father of the Theatre of the Absurd in India in English, is a poet, playwright, novelist, essayist, story writer, columnist, researcher, philosopher, thinker and academician – an author of many thought-provoking plays, including 'The Travellers', 'The Wife', 'The Tribute', 'Zero into Four', 'Teachers' Day', and 'Zero into Nine'; the insightful fiction, 'Righteousness'; and collections of powerful poetry, including 'Gandhi – the Messiah' and 'Bullet Land', all published by TSL Publications, UK. His epic, 'The Gandhi-Gita', the novels 'Dance of Democracy' and 'Now, Forever Yours', and essays in 'Hello Life' showcase the author's work, honoured with 12 national and international awards, and exploring human psychology, spirituality, and contemporary literary thought, establishing him as a leading figure in Indian literature and education.
