# JYOTISHACHARYA AJAY KUMAR AGARWAL

## A LIFE DEVOTED TO COSMIC SCIENCE, COMPASSION, AND SERVICE

Kaushal Kumar | The CEO Magazine

In a world where destiny and discipline intersect, Jyotishacharya Ajay Kumar Agarwal has emerged as one of India's most trusted names in astrology and Vastu. Based in Jaipur, he has spent over two decades guiding individuals through life's complexities with clarity, spiritual depth, and intuitive precision. His journey – rooted neither in lineage nor tradition – reflects a divine calling shaped by self-learning and an enduring belief in karma and compassion.

Born into a humble family with no astrological background, he pursued a conventional academic path, earning a postgraduate degree in commerce and an MBA in finance before building a successful corporate career. Yet a deeper quest to understand destiny and purpose drew him toward astrology, which he came to see not merely as a discipline but as a divine responsibility. "God chose me for this mission," he reflects.

With no formal guru in his early years, his learning evolved through scriptures, extensive horoscope analysis, and real-life case studies. Years of disciplined research and intuitive insight led him to master Vedic Astrology, K.P. Astrology, Numerology, Palmistry, and Vastu Shastra. He later earned the title of Jyotishacharya from AAIFAS, formally recognising his expertise.

*"Astrology is a divine science, and without God's blessings, no prediction can ever be true." – Ajay Kumar Agarwal*

This spiritual alignment is reflected in the accuracy of his predictions, which often exceed 95 per cent, achieved through a seamless balance of intuition and calculation.

### A RECORD-BREAKING JOURNEY OF RESEARCH & ANALYSIS

Over the years, Ajay Kumar Ji has analysed lakhs of horoscopes. His most notable contribution lies in medical

astrology, where he studied more than 200,000 medical horoscopes – an achievement that earned him recognition from the London Book of World Records. This pioneering work places him among the rare astrologers who have combined intuition with large-scale analytical research.

From India to international communities, Ajay Kumar ji has transformed countless lives through guidance in:

### A HEART DEVOTED TO SEVA

Beyond expertise, Ajay Kumar Agarwal is known for his humility. He views astrology as a divine service rather than a profession. His commitment to seva includes supporting underprivileged children, distributing essentials, and contributing to community welfare without seeking recognition.
